LOUISIANA GOV. John McKeithen candidly ponders a newsman's question after returning from an industry-hunting tour of the Northeast. McKeithen said the trip may result in an aircraft manufacturing plant for New Iberia. McKeithen also commented on his pardon of Bourbon Street stripper Linda Brigitte at the press conference. (AP Wirephoto)

McKeithen Returns Off Industry Hunt

From World Wire Services

Gov. John McKeithen returned from an industry-hunting trip in Pennsylvania Friday, accompanied by three Monroe businessmen, and immediately began campaigning for the two-term gubernatorial amendment.

Accompanying the governor on the industrial inducement mission were James W. Moore, John Sherrouse Jr., and R. Fred Petty, all of Monroe.

(Photo Page 6B)

McKeithen and Smith Walker of Columbia. All four hold appointed positions in the McKeithen administration.

The governor indicated Friday he would stump the state from now to Nov. 8 in an effort to gain passage of the amendment proposal.

More than 100 top industrialists from the Philadelphia area attended the governor's reception earlier this week, followed by another meeting with Pittsburgh business leaders two days later on Thursday.

THREE FIRMS

According to Moore, at least three companies — Gulf Oil, Sun Oil and the Koppers Company — expressed "immediate attention in Louisiana for capital plant investments."

Newsman who met McKeithen at New Orleans International Airport were invited to trail along on the stump tour "Cause we're gonna have some fun."

The proposed amendment which administration forces got through the 1965 Legislature, would permit McKeithen to seek a second four-year term in 1967.

Touching on other subjects, McKeithen said he may have landed an aircraft manufacturing concern for New Iberia. And he said he signed the controversial pardon for New Orleans stripper Linda Brigitte on the recommendation of Orleans Parish Dist. Atty. Jim Garrison.

"Maybe I'm sorry I didn't wait," he said in answer to a question if he felt he might have acted in haste.

McKeithen said a pardon for Miss Brigitte, who twice was

Riots Erupt In Nigeria

LAGOS, Nigeria (AP) — Bloody rioting has erupted in widespread areas of northern Nigeria on the eve of the country's sixth independence anniversary, reliable sources in the north reported Friday.

Unconfirmed reports said 25 persons were killed in Bauchi, the burial place of Prime Minister Sir Abubakar Tafawa Balewa, who was assassinated in a coup last January.

The same reports said about 60 died in Maiduguri in the far northeast corner of Nigeria.

This was the first news of rioting from that area. It had been quiet during the May and August killings in the Fulani-Hausa areas of the north.

House Cuts Business Tax Curbs

WASHINGTON (AP) — The House gave President Johnson's anti-inflation program a boost Friday, voting 221-118 to suspend two provisions for tax incentives to business spending.

The measure, which now goes to the Senate, had some Republican support. But it was opposed by others who called it economic poison and accused Johnson of avoiding the issue of cutting government spending. Voting for the suspension were 190 Democrats and 31 Republicans; against it 37 Democrats and 81 Republicans.

SUSPEND CREDIT

The bill would suspend, from last Sept. 9 through Dec. 31, 1967, the investment credit that has helped power a boom in machinery and equipment buying, one of the major sources of demand for goods, labor and credit.

Also suspended would be the privilege of using, for tax purposes, two especially favorable depreciation methods credited with sparking a surge in the building of industrial, commercial and rental residential buildings.

Johnson has tied these suspensions, along with the promised \$3-billion spending cut and other moves, into a package designed to ease inflationary pressures. He has kept open the possibility of a later tax increase, if Viet Nam expenditures and congressional boosts in the budget threaten to produce a big deficit.

Chairman Wilbur D. Mills, D-Ark., of the Ways and Means Committee, told the House he is confident Johnson means what he says about a spending cut. He said the President "has ended up each year with a smaller deficit than expected at the beginning and in every case, I think, has reduced spending below what was authorized."

But the senior Republican member of the committee, Rep. John W. Byrnes of Wisconsin, said he supported the suspension only reluctantly.

"In spite of warnings," Byrnes said, "the President has insisted this country could conduct a war and still expand domestic spending programs."

Rep. Thomas B. Curtis, R-Mo., said Johnson has deliberately avoided tough budget measures because of the coming congressional election.

"The President has been lecturing the people of the United States, lecturing Congress and all the time he has been increasing his expenditures and has been feeding inflation," he added.

At any rate, McKeithen said he saw no reason for an uproar over the Brigitte case.

"After all, we're only talking about a 60-day jail sentence," he said. "It was not as if we're going to release someone from the penitentiary."

Miss Brigitte was sentenced to two 30-day jail terms, but she never served a day.

McKeithen said he could not reveal the name of the firm interested in the abandoned base because of the facilities there.

"The governor said he would take out after those who oppose the two-term amendment for 'political or ulterior motives.'"

"We're going to have some fun with them in the next six weeks," he added.

Turning to political matters, McKeithen said the defeat of Rep. James Morrison in the 6th District and the victory of Lester Maddox in Georgia's Democratic gubernatorial runoff showed the "people of the South and perhaps throughout the nation are not happy with the administration in Washington."

McKeithen emphasized that he was one of only three Democratic gubernatorial nominees who refused to endorse Johnson during the last national election.

Hurricane Inez Ravages Cuba, Could Head For United States

Possibility Looming Of Swing To Florida

MIAMI, Fla. (AP) — Hurricane Inez, rising death tolls in her wake, smashed southeastern Cuba on Friday and suddenly changed course to a westerly direction that forecasters said could mean trouble for the United States.

Forecasters at the National Hurricane Center in Miami said the storm, weakened considerably after lashing Cuba's rich sugar cane and cattle areas for 12 hours, veered to a west-northwest course Friday.

"If the storm reintensifies off Cuba's southern coast, there's a distinct possibility it could swing back to the north toward Florida," said forecaster Paul Moore.

But Moore also said there is a good chance the storm will move back into inland Cuba and become so disorganized it can't regain its former fury.

Meanwhile, Havana radio said Inez had claimed at least one victim, a Cuban army sergeant, and had injured 28 other persons.

BUILDINGS COLLAPSED

A number of buildings collapsed in the town of Guantanamo, the radio said. It reported that some 123,000 persons had been evacuated from low-lying areas in southeastern Cuba.

Wreck Kills

Rayville Man, Woman Hurt

A two-car collision on rain-slicked Milhaven Road killed a Rayville man Friday near the Monroe City Limits. A Monroe woman was injured.

Robert Lee Gammell, 49, a maintenance man at E. A. Conway Memorial Hospital was pronounced dead at the scene by Ouachita Parish Coroner J. W. Cummins.

Mrs. Leslie Cackrell, 56, Rt. 3, Monroe, was taken to St. Francis Hospital with a fractured collarbone, bruises and abrasions. She was in satisfactory condition late Friday, authorities said.

State trooper Sgt. Casey Anding said Gammell, Rt. 2, Rayville, was driving west in his vehicle on Milhaven (La. Hwy. 594) when he collided with a car driven east on Milhaven by Mrs. Allie S. Branch, 52, of 3725 Grammont St.

Anding said Mrs. Branch stated she slowed for an unidentified pick-up truck stopped to make a left turn at Arkansas Street, when she skidded to the left into the oncoming auto of Gammell.

Gammell was alone in his auto, Anding said, and the injured Cackrell woman was a passenger in Mrs. Branch's auto.

Both came to rest in the highway facing west.

Funeral arrangements for Gammell were incomplete late Friday at Mulhearn Funeral Home in Rayville.

Survivors include his widow; two sons, Robert and Earl Gammell, Hodge; and Charles Gammell, Rayville; three sisters, Mrs. Charles Willoughby, Rayville, Mrs. Leo Lockwood, Spearsville, and Mrs. Albert Thompson, Mangham; three brothers, M. L., the Rev. A. C. and Truett Gammell, all of Rayville, a grandchild.

Cuba Exiles Say Bombs Hit Targets

MIAMI, Fla. (AP) — Exile revolutionaries said Friday that a three-man commando team dumped 1,200 pounds of explosives on sugar warehouses, oil tanks, a naval base and a power plant on Cuba's north coast.

The exile leaders said the men who did the bombing previously had volunteered to try to assassinate Fidel Castro.

"They wanted to make a suicide attack over Havana's Plaza of the Revolution when Castro spoke there Wednesday night, Dr. Orland Bosch, head of the Insurreccional Movement for Revolutionary Recovery — MIRR. 'There will come another time.'"

HEAVY DAMAGES

Bosch told a news conference that damage inflicted in Thursday's raid was considerable. "The pilot reported explosions all over the place," he said.

However, Cuba radio, monitored in Miami, said no damage was done. It said only three bombs were dropped, and only one exploded, missing its target by 1,500 feet.

Havana radio also said the bombs dropped from the twin-engine raider plane bore made-in-the-United States labels, and that the craft apparently left from the United States.

Not so, said Bosch. "The plane left from a secret base outside the United States and returned there safely," the 38-year-old exile surgeon said. "And we deny categorically that the bombs were made in the United States."

Jose Rajoy, head of Commandos L, which collaborated with MIRR in the attack, added: "In addition, our men strafed the area with two machine guns. We encountered little opposition. The much talked about Castro defense is a bluff."

Cuba radio said American magazines and newspapers were found over the raid area.

Bosch said the raiders dropped anti-Castro leaflets and miniature copies of the exile humor magazine, Zig-Zag. Bosch described the target area, the region of Nuevitas in Camaguey Province, as a strategic zone. He said besides sugar installations, tanks of the expropriated New Jersey Standard Oil Co. and Sinclair Oil Co. are there. A naval base at Puerto Tarafa, was one of the points strafed, he added.

The anti-Castro revolutionary said assessment of the damage inflicted was impossible during the time the plane was in action. He said he did not know how many bombs were dropped.

FBI Man Hit By Marcello

NEW ORLEANS (AP) — Underworld figure Carlos Marcello punched an FBI agent Friday at International Airport as he returned from New York on a grand jury probe of syndicate crime.

Marcello took the poke at the agent after commenting to newsmen who trailed him through the terminal: "Have you got enough pictures?"

He then stepped up and threw a right hand punch at the agent. Another agent was nearby taking pictures of Marcello and his brother, Joseph.

U.S. Bombers, Artillery Kill 63 Reds Along DMZ

SAIGON (UPI) — U.S. jet bombers and artillery fired Friday to kill 63 Communist troops just south of the demilitarized zone between North and South Viet Nam where American commanders said the biggest and most important battle of the war could be shaping up.

Giant B52 bombers blasted six-mile-wide zone and that said Communist targets near the DMZ. The strike was followed up by a strike by two B57 Canberra jets against a force of 200-300 Communists moving near a village 13 miles west-northwest of Quang Ngai city.

Pilots reported killing 53 enemy soldiers, destroying a truck, demolishing 27 buildings and damaging 30 more. Three secondary explosions indicated that Communist ammunition supplies were hit.

Seven hours later, just south of the demilitarized zone in an area 19 miles west-northwest of Dong Ha, a company of U.S. Marines engaged a Communist platoon in thick jungle. The Leathernecks called in artillery fire and air strikes. When the Communists broke contact 45 minutes later, Marines found 10 enemy bodies.

LOSSES 'LIGHT'

Marine losses were described as "light."

The 63 Communists killed Friday brought to 943 the number of enemy dead claimed in "Operation Prairie," the offensive against Communist forces near the border which began two months ago. Commanders estimate that another 1,200 Communists have been slain in the fighting.

In other action Friday, a company of the U.S. Army 1st Infantry Division reported overrunning two guerrilla base camps 20 miles south-southeast of Saigon and killing six Communists. One of the camps contained a mine factory.

Tranquilizer 'Bullets' Viewed To Quell Bandits

NEW YORK (AP) — Why not a gun-fired tranquilizer for use on rioters or fleeing criminals instead of bullets?

A fine idea, police spokesmen in major U.S. cities said Friday. But they agreed, until a tranquilizer which works instantly is developed — with a no-kill guarantee — police will have to continue using present-day weapons.

The suggestion that wrongdoers could be brought down by tranquilizers came from Charles A. O'Brien, chief deputy attorney general of California.

O'Brien noted that three days of violent rioting followed the fatal shooting of a thief suspect and said capture by tranquilizer could have prevented the costly disturbance.

"It's a nice idea, but it's a long way off," was the view of Sgt. Edward J. Higgins, firearms specialist for the Massachusetts state police.

Higgins agreed that tranquilizer darts fired from guns had proved effective in dealing with animals, but said their use on

humans?

thinner-skinned humans might prove lethal. He pointed out the risk that a tranquilizing hypodermic shot into a man would cause an air embolism, the often-fatal obstruction of an artery by a bubble of air.

A spokesman said New York City police had experimented with tranquilizer missiles along lines suggested by O'Brien but had concluded that they would not work quickly enough in a real emergency.

"The tranquilizer shots take several minutes to become effective," the spokesman said. "During that period, the person being tranquilized could do a lot of harm with a knife or gun."

A Los Angeles police official said the idea "has been kicked around unofficially here" but commented: "The problem is that nobody knows the right dosage, or how to prevent a possible fatal reaction. You read all the time of zoo people killing animals with an accidental overdose or adverse reaction. How would you dare try it on humans?"

DAVID MUMBAUGH, 18, of Tempe, Ariz., (right) is taken from Tempe City Jail Friday for arraignment on a charge of murder. He is accused in the fatal stabbing Sept. 21 of Arizona State University coed Laura Bernstein, 20, of Fair Lawn, N.J. On left is Tempe Police Sgt. Dale Douglas. Police say it was Mumbaugh who reported finding the body outside a Tempe hotel. (AP Wirephoto)

Arizona University Student

Police Charge Youth In Slaying Of Coed

TEMPE, Ariz. (AP) — An 18-year-old apprentice draftsman who reported finding the body of slain Arizona State University coed Laura Bernstein was charged Friday with her murder.

David Mumbaugh of Tempe was named in the charge filed before Justice of the Peace Ralph Fowler. A preliminary hearing was set for Nov. 9 and Mumbaugh is held without bond.

Miss Bernstein, 20, was stabbed to death Sept. 21 in a covered walkway just outside a downtown Tempe hotel. The junior coed from Fair Lawn, N.J., had enrolled at Arizona State only a few days earlier after transferring from Bradley University at Peoria, Ill.

Mumbaugh lives with his parents about 16 blocks from the murder scene.

Police gave no indication of what evidence they had as grounds to file the murder charge. Officers Friday were searching a large canal north of Tempe for the murder weapon.

Chief of Police Worth Farley issued only a terse statement, saying an arrest had been made and naming Mumbaugh as the person charged.

Records show Mumbaugh was employed as a draftsman trainee by the Arizona Highway Department last June 6. He has lived in Arizona five years.

Police said Mumbaugh ran two blocks from the hotel to the police station to report finding the body. Mumbaugh said at that time he and a friend had been in the neighborhood looking at used cars.

Daily statements from the police as late as Thursday afternoon indicated they had made no progress in the investigation.

The highway department said Mumbaugh worked Thursday. Shortly after midnight Thursday morning the police announced the arrest was made.

Viet War Dominates U.N. Talks

UNITED NATIONS, N.Y. (AP) — The war in Viet Nam dominated general policy debate in the U.N. General Assembly on Friday with the latest U.S. peace proposals again getting affirmations of support.

J.M.A.H. Luns, the Netherlands foreign minister, criticized appeals directed only to the United States, and expressed hope the U.S. proposals "will yet be seriously studied by the other side."

U.S. Ambassador Arthur J. Goldberg, who made the proposals in the assembly last week, told reporters in Washington, "The door is open and we see no evidence it has been closed."

He spoke with newsmen after conferring privately with President Johnson on Viet Nam. Goldberg indicated he was not discouraged by the initial rejection of the proposals by Hanoi and Peking. He said every statement from the other side is being studied to see if a move toward a settlement can be made.

Adam Malik, the Indonesian foreign minister, told U.N. correspondents his government was exploring possibilities of a settlement, but declined to go into detail.

"We have good relations with both North and South Viet Nam," he said in response to a question, "but with the recent escalation of the war we are trying our best to find some settlement. But I cannot say anything concrete at this stage."

The United States proposed an end to the bombing of North Viet Nam and offered to agree on a timetable for supervised military withdrawals if there are corresponding measures for de-escalation taken by the Communist side.

Luns, like other speakers in the continuing general policy debate, stressed Viet Nam as the No. 1 international issue, although it is not formally on the assembly's agenda.

He said that others besides the United States had made peace proposals, but that he found that most of them fell short in at least two respects.

"First," he said, "these exhortations are usually openly or implicitly addressed to the United States only, and ignore the fact that for more than a year now the United States has made several serious peace proposals."

He said they had all been turned down "with contempt by the other side," and added: "My second objection is that these proposals ask primarily, or even exclusively, for military de-escalation on the American side, and not, or only in a second phase, from North Viet Nam."

"Such one-sided proposals fail to impress us. It is a well-established practice of totalitarian regimes that they declare themselves prepared for negotiations, provided the other side concedes in advance the main point at stake."

Meanwhile, a top South Viet Nam diplomatic source described the latest statements by the National Liberation Front dealing with a proposed political solution of the Viet Nam problem as "mostly a rehash of old stratagems." The source said that the South Vietnamese government still considered the front and its military arm, the Viet Cong, as puppets under direct control of Hanoi.

GEN. EISENHOWER, straining to hear a questioner, is pictured with his brother, Earl, left, who is campaigning for Illinois office (Cook County clerk), at Chicago press conference Friday. Judge Forbids Nazis From Synagogue March

CHICAGO (AP) — A federal judge forbade George Lincoln Rockwell's American Nazi party from demonstrating near any Jewish synagogue on the Sabbath or any Jewish religious holiday.

The permanent injunction issued Friday by Judge Joseph Sam Perry is effective in the Eastern Division of the Northern U.S. District of Illinois. Chicago and counties surrounding it are in this division.

"This court," Judge Perry said, "would restrain or regulate any kind of march, regardless of color or creed, if the same should be shown to be in violation of constitutional rights of individuals that would result in substantial and irreparable damage or injury to persons or the community as a whole, and especially if it is shown that the purpose of such marches or demonstrations is to foment racial or religious discord."

The judge said he based his ruling on the constitutional guarantees of freedom of religion.

"This court," he added,

PAUL HEWITT SAYS...

"Adults! Can you play the piano or organ? Want to? Set yourself a goal that seems most impossible. Like: I'll be able to play very passable music in six months. Talk to us about it. With today's teaching methods you can do it. We'll tell you how, and there's no risk on your part. You don't buy until you know you can do it. Come in to Paul Hewitt's... headquarters for world famous names in pianos and organs."

For Racial Balance

Education Chief Denies Bus Intent

By JOHN BECKLER
WASHINGTON (AP) — Commissioner of Education Harold Howe II denied Friday there is any intention by the U.S. government to require busing of students to achieve racial balance.

He added, however, that the federal government has a responsibility to try to help cities solve the educational problems created by the existence of segregated neighborhoods.

Howe, appearing before the House Rules Committee, was questioned sharply about the Office of Education's guidelines for achieving school desegregation under the 1964 Civil Rights Act.

Chairman Howard W. Smith, D-Va., said the agency has gone beyond the intent of the law by trying to overcome racial imbalance through busing of students and requiring desegregation of faculties.

"Your field agents are harassing and hammering school officials telling them to get some Negro children in white schools," said Smith.

Howe said he has found a few instances of improper handling of a case, but added that claims of harassment are "vastly exaggerated."

But he denied repeatedly there is any intention by his office to enforce programs to correct racial imbalance. What his agents are doing, he said, is trying to make sure the "freedom of choice" desegregation plans being followed by many Southern school districts are actually effective in ending segregation. Under the plans, students are supposed to be able to go to any school they choose.

"Freedom of choice was never meant to be a system whereby dual school systems could continue without regard for the law," he said.

Howe was equally insistent that the Office of Education is not engaged in any school busing programs.

Some communities, through

their own decisions, he said, are using federal grants to experiment with busing programs, but in no case is the federal government imposing such a plan on a district.

Approximately 2,000 school districts which formerly were segregated, he said, have complied with the law and are receiving funds, while only 37 districts have been cut off. Funds have been temporarily deferred in 73 others, he said.

Howe acknowledged his office is calling for desegregating faculties, but said the policy is in accord with court rulings that segregation of faculties amounts to discrimination against their students.

Rep. John B. Anderson, R-Ill., sought to determine Howe's future policies in the light of his speeches and the preliminary draft of a proposed bill that would lead to development of schools drawing students from all over the city.

"You seem to be getting to the point where you are going to wipe out the neighborhood school," said Anderson.

"I am concerned about the loss of neighborhood schools,"

said Howe. "They should be preserved. But I would be more concerned about schools that lose their neighborhoods."

Howe said he feels the government has a responsibility to help cities "solve the perplexing problems that are handicapping the education of children."

Howe was asked to return for more questioning by the committee Tuesday, despite the complaint of one member, Rep. Ray J. Madden, D-Ind., that the hearings are in violation of House rules.

The Judiciary Committee, which has authority over civil rights legislation, has agreed to hold hearings on the guidelines, Madden said, and the Rules Committee is infringing on the Judiciary Committee by proceeding on its own.

"This is just a propaganda meeting," a Roman holiday," said Madden. "It's inexcusable."

Higher Than LBJ Desires

RFK Opens Drive For Poverty Bill

WASHINGTON (UPI) — Senate liberals, spearheaded by Edward Kennedy, opened a drive Friday to keep the war on poverty at a \$2.5 billion level—\$750 million more than President Johnson requested.

Sens. Joseph Clark, D-Pa., and Jacob Javits, R-N.Y., defended the increase as the Senate began debate on the budget of the Office of Economic Opportunity (OEO). The House passed a \$1.75 billion version of the bill Thursday, right in line with what the administration wanted for one of its key Great Society programs.

"Some say that while we're escalating the war in Viet Nam we cannot afford to escalate the war on poverty," said Clark, floor manager of the bill. "Well, there are 35 million poor Americans who don't agree."

Javits said the administration should ask for an across-the-board tax increase if necessary to expand the antipoverty program.

Republican leader Everett M. Dirksen said his allies had not yet decided just how they would try to cut the Senate version of the bill. He indicated GOP Senators would propose cuts in individual poverty programs.

While hewing to the President's \$1.75 billion budget line on the bill, the House made some unrequested changes in

the program's administration designed to tighten up its operation.

These included limits on local antipoverty officials' salaries, a ban on political activity, and a new emphasis on job training and pre-school projects.

Robert Kennedy managed to win committee approval of a \$200 million increase in OEO's popular Headstart program for pre-school children, making a total of \$527 million available during the current fiscal year.

He had attacked the President's priorities in keeping the OEO budget at last year's levels while endorsing vast federal expenditures for a superperson commercial jetliner.

Kennedy joined with Javits in getting \$150 million set aside for special employment programs for urban ghettos.

His brother Edward Kennedy was a key supporter of other increases above administration budget levels.

Included was a \$196 million expansion of the Neighborhood Youth Corps and \$100 million for creation of neighborhood health centers.

PERMANENT MISSION

TOKYO (UPI) —The Viet Cong have created a permanent mission in Poland, Radio Hanoi announced Friday. It said the mission was designed "to strengthen the existing friendship" between Poland and the National Liberation Front.

REP. HOWARD "BO" Callaway, R-Ga., and his family wave from a convertible as he kicks off his gubernatorial campaign Friday with a parade down Atlanta's Peachtree Street. Callaway, the Republican standard bearer, faces

segregationist Lester Maddox in the election. The children are, front row, Ralph, 6, and Virginia, 9. Left to right, rear row, are Edward, 11; Betsy, 15; Mrs. Callaway and the candidate. (AP Wirephoto)

GOP Differs With Maddox On Proposal

ATLANTA (UPI) — GOP gubernatorial candidate Howard (Bo) Callaway said Friday the best way to fight federal school desegregation guidelines was in Congress.

Callaway disagreed with a proposal by Lester Maddox that the state pass a law outlawing

the guidelines in Georgia.

"It seems to me that the best way to fight the guidelines is in Congress as I have done," said Callaway, who faces a stiff fight with Maddox for the governorship.

"It's a Washington interpretation," Callaway said of the

guidelines. "It's got to be solved in Washington."

Callaway noted he was the first congressman to push a bill through weakening the guidelines. He said because of his amendment an investigating body is already looking into the guidelines.

Soviets Accuse 2 Americans As Being Undercover Agents

MOSCOW (AP) — Two more Americans, one a diplomat, were accused Friday by the Soviet Union of working for the Central Intelligence Agency and engaging in "hostile activities." The charges were promptly denied by U.S. officials.

The Soviet labor paper Trud said Nicholas H. Riegg, 26, of Concord, Calif., graduate of the University of Pennsylvania, one of the accused, had been expelled this month. Riegg told the U.S. Embassy in Bucharest, Romania, that he was "entrapped," given rough treatment, then expelled.

In Washington, the State Department denied Riegg worked for the CIA.

The second American, Donald R. Lesh, 34, of Sun City, Ariz., a U.S. Embassy secretary, was expelled Sept. 14, but no specific charges were made against him until now. The U.S. Embassy here denied the charges against Lesh, who was accused of being a contact man for Riegg and subverting African students in Moscow. The embassy termed the charge against Lesh "completely unfounded."

The disclosures focused new attention on the case of Thomas R. Dawson, 24, of Annapolis, Md., a Peace Corps volunteer being held by Soviet authorities for possible trial. He was arrested Sept. 11 when he wandered across the border from Iran. There has been speculation that the Soviet Union might put Dawson on trial but a U.S. Embassy spokesman said Friday there had been no Soviet statement to that effect.

In Washington, the State Department said renewed efforts had been made both in Washington and in Moscow to obtain release of Dawson.

The Soviet paper said Riegg twice had tried to come to the Soviet Union as a student, once to Leningrad and once to Minsk. Failing this, he visited the country as a tourist in 1964 and 1966, the paper said. It said he had been trained for his work by CIA agents in Stockholm, Sweden, and had brought in anti-Soviet literature.

In Concord, Calif., Riegg's brother, Robert D. Riegg, said he was certain that Nicholas never would be involved in such activities. He said Nicholas wanted a career in international relations, which he studied at the University of Pennsylvania. He was graduated in 1963.

"I know he wanted to remain free of any entanglements that could mean trouble for his future career," said Robert. He added that his brother had gone

to the Soviet Union hoping to master the Russian language.

M'Namara's Robot War

Secretary of Defense Robert S. McNamara is described by many, both inside and outside the military establishment, as the most amazing and frustrating man of the century. There are those who say he never made a mathematical miscalculation nor a correct judgment. Now, persistently refusing to name a commander-in-chief in the Viet Nam War, he is trying to run that conflict himself with the aid of some 20 whirling computers based in Saigon.

Vast numbers of people in civilian life, particularly those who have lost relatives and loved ones, and in the military field wish that if McNamara wants to persist in using robots to fight the war he would use mechanical men to do the fighting and leave the thinking to human brains. If the Viet Cong "killed" a few of our robots on the battlefield, it wouldn't make much difference, as we could always manufacture more. And we believe the human brain is still superior to computers as a planner. McNamara's reason for thinking otherwise probably is caused by the fact that he, himself, has what has been described as a "computer brain."

Henry J. Taylor, columnist who has traveled in many countries and has witnessed war first hand, and who was once a United States ambassador, says military leaders shudder to think what would have happened if we had not had a unified command in Europe in World War II.

Yet, after five years, the command in Viet Nam is not unified and on one man in the army, navy, marines or air force is in command unless one wants to call this the theoretical responsibility of Admiral Grant Sharp in far-off Hawaii. How can a man in Hawaii direct a war in Viet Nam?

Our public has not been informed on this matter but, if it had been, those who have lost sons, husbands, brothers, fathers, and other loved ones in the leaderless war probably would be raising more smoke in the halls of Congress than goes up when an atomic bomb is detonated.

Shocking Powell Affair

Action of the House Education and Labor Committee in shearing Congressman Adam Clayton Powell of most of his powers as chairman revealed with shocking clarity the disgraceful situation which had prevailed before. It is deplorable that the committee did not remove him entirely from the chairmanship.

Here are two paragraphs from an outline of the situation which reveal that a loathsome affair prevailed in the committee, one of the most important in Congress:

1. "He will no longer run the committee as his personal fief, frustrating its other members, failing to explain the expenditure of funds, keeping his estranged wife on the payroll at some \$1,300 a month, although she lives in Puerto Rico and does no visible committee work, and keeping her check himself and cashing it."

2. "Under the new rules, Powell will no longer have total power over staff and legislation. Bills, when reported to the full committee, will not have to await the whim of the chairman to be brought to the House floor. And the chairman will no longer have carte blanche on expenditures. He must submit, in writing, 'a full and detailed account' once a month on all spending."

Such a disgraceful situation as this causes us to wonder whether there are any other committee chairmen who wield such power or whether Powell was granted the position of feudal lordship over the committee because he was a Negro. It would be difficult to imagine which of these situations would be more un-American, more un-democratic and more disgraceful. If there is any other committee in which the chairman

McNamara, the world's super-egotist, imagines he knows more about running a war than our experienced and trained military men.

As a result, thunderbolts go out from McNamara's office, constantly dispatching our great forces like a fire engine, or summoning them like a lifeboat to some new scene of disaster. This leaves us moving from place to place without destroying the enemy.

McNamara acts as if he were fighting massed troops instead of guerrilla forces which strike and slink away. He may use two to 10 times as much force in one spot as needed. The First Cavalry Division (Airmobile), for instance, headquartered about 260 miles northeast of Saigon, is even airlifting its artillery. Its Chinook helicopters sail off with 103-mm field pieces; CH-54 Sky-crane put immense 155-mm howitzers into the jungle and a big problem is faced in getting them back. The Viet Cong carry on a hilarious game of "hide-and-seek" as they evoke elephant charges to subdue a mouse.

This is the sort of warfare a military man would never think of carrying on.

President Johnson, as commander in chief of the armed forces, is directly responsible for the conduct of the war in Viet Nam. We have supported his effort to hold back the communists but we cannot support his persistence in letting a non-military man bumble around with the fighting.

Johnson has referred to McNamara as his "right-hand man." In the conduct of the Vietnamese War, it would seem better if this right hand were cut off. It is said the war virtually stops when McNamara takes time out to make a speech.

It is time for Johnson to name a commander-in-chief so that great numbers of American lives won't be sacrificed. After all, this is not McNamara's war, nor President Johnson's. It belongs to the people who are sacrificing their sons, fathers, husbands and brothers.

constitutes the whole committee, nullifying the powers of all the other committee members, action similar to that against Powell, or more drastic, should be taken immediately.

Pictures of Powell during the hearing and his utterances during the same time showed him to be probably the most scornful, arrogant and disdainful man who was ever a member of Congress. How the long-suffering members of his committee or how Congress as a whole have been able to stand his insults is a mystery that will never be solved.

Despite the fact that Powell was long under indictment for income tax evasion, that a huge judgment was awarded against him for slandering a Negro woman, that he established a reputation as being the most absent member of Congress, that he was accused of making junketing trips to Europe with women members of his staff, that he is said to have cashed and kept for himself the big monthly check paid to his wife, although she lives in Puerto Rico and does no staff work, that he has spent millions of dollars in so-called poverty and welfare projects without giving an accounting, thus leading some to believe huge sums of this money may have gone into his own pockets, Powell always raises the cry of racial prejudice every time any voice or action is raised against him. He made that cry during the time the committee was debating the question of exorcizing his powers.

Of course, he and everyone else was aware of the fact that it was racial prejudice which enabled him to "get away with conduct" no other Congressman would have dared to attempt.

Playing A Bigger Hand -

ROBERT S. ALLEN and PAUL SCOTT

United States Feeds Red Nations Beneficiaries Flout Humanitarian Program

WHILE CONGRESS, under White House spurring, is in the process of enacting a two-year \$5 billion continuance of Food-for-Peace, leading beneficiary countries are making a sucker of this humanitarian program.

Not only are they deliberately flouting specific U.S. laws to which they agreed in writing, but they are doing so to aid Communist nations.

Latest of these violators is Brazil in giving a helping hand to dictator Fidel Castro—whose gross mismanagement, waste and incompetence has resulted in severe food shortages and stringent rationing in once self-sufficient Cuba.

In 1965 and this year Brazil has received more than \$61 million in U.S. grain and other food. An emergency gift of \$2 million of corn was rushed there to avert famine among starving Indians and peasants.

AT THE VERY SAME time the U.S. was donating this desperately needed succor, Brazil was selling 8,000 tons of corn to Communist-ruled Cuba.

Another extraordinary aspect of this deal is that it was arranged by Russia, which provided a freighter to transport the grain. Brazil is one of the biggest Latin American beneficiaries of U.S. economic and military aid — totaling more than \$3 billion. Since 1955 it has also received \$666.5 million in

food supplies.

The State Department was fully aware of this bald violation of the Food-for-Peace act.

But as in other instances it said and did nothing.

"I have been unable to obtain any explanation from the State Department on these matters," says Senator Ernest Gruening, D-Alaska, head of the Subcommittee on Foreign Aid Expenditures, who has been digging into them. "Similarly, I have been unable to obtain any explanation from the Agriculture and Treasury Departments or the Agency for International Development, all of whom are engaged in 'passing the buck' to one another."

"Congress will shortly enact a new Food-for-Peace act. The disclosure about Brazil emphatically confirms the necessity for additional congressional controls over this multi-billion dollar program if it is to become something more than a means by which countries receiving food assistance from us are enabled to increase their own exports to nations unfriendly to us."

SUPPRESSING THE FACTS—Not only are the State Department and other agencies refusing to explain the administration's failure to crack down on such violations, but every effort is being exerted to prevent

their disclosure.

Joseph Lippman, staff director of the Senate subcommittee, knows that other Food-for-Peace beneficiaries have perpetrated even worse outrages. But his attempts to get at the details are constantly thwarted by various bureaucratic stratagems and obstructions.

Foremost among them is invoking secrecy; declaring documents and other material sought by Lippman as "classified."

After laborious ferreting, Lippman definitely established that Egypt and Greece, which have received hundreds of millions of dollars of U.S. food, have sold large quantities of such commodities to Communist countries specifically banned by the Food-for-Peace act.

As uncovered by Lippman, Egypt has received \$903.6 million in U.S. grain, fats and oils, dairy and other products. In 1964 Nasser sold and bartered 313,945 tons of rice and other agricultural commodities to Cuba, one of the largest recipients; Red China, also high on the list; Russia, which got the most; East Germany; Bulgaria; Hungary, and Rumania.

U.S. food shipments to Greece, as determined by Lippman, total \$245.8 million. In addition, the U.S. has given Greece \$3.8 billion in economic and military aid. In 1965 and this year Greece has sold for cash 310,000 tons of wheat to two Communist countries—160,000 tons to North Korea; 150,000 tons to Bulgaria.

AN OLD STORY — Senator Gruening charges flatly that the State Department and other departments knew about these violations but blandly disregarded them.

"In November 1964," he says, "a two-year agreement was entered into between the U.S. and Greece whereby feed grains and wheat were to be furnished to Greece under Title IV of Public Law 480. A penalty clause was included providing that if at any time during the contract period Greece exported any feed grains and wheat or flour, it would make payment to the U.S. for the value of such exports with interest at 6 per cent. This penalty clause has never been enforced."

"Similarly, despite a written agreement not to do so, the United Arab Republic increased its exports of rice to Communist countries at a time when it was receiving wheat from the U.S. which it used for domestic consumption instead of the rice normally consumed. The Department of State knew about these violations of the law and written agreements, but did absolutely nothing about them."

The comptroller general has reported other cases in which countries receiving commodity assistance under Public Law 480 shipped those commodities to Communist countries. But I am unable to give any details of these outrages, because the State Department has put a security classification on the whole subject.

Bible Digest

H. B. Dean

"If ye hearken to these judgments, and keep and do them... He will bless thee and love thee... thou shalt be blessed above all people." Deuteronomy 7:12-14.

So much depends on whether we ignore or embrace the word of God. "Blessed is the nation whose God is the Lord."

JAMES J. KILPATRICK

Communism Strategy Institute Is Created

THE TINY COMMUNITY of Boston, Va., lies some 80 miles southeast of "Big Washington." It is 10 miles up the road from Culpeper. On to the west lie Scrabble, Woodville, Sperryville and "Little Washington," and beyond them lie the Blue Ridge Mountains. Boston thus is situated in the midst of the most beautiful 200 square miles in the world, if not in the universe, but until last Sunday this wide space on Route 522 had no other distinction.

Now Boston, Va. is on the map. If plans of the Institute for American Strategy come to fulfillment — and these plans already are far along — the Institute's new "Freedom Studies Center" at Boston one day may become as well known in its field as the Naval Academy at Annapolis or the military academy at West Point. The Center, dedicated a week ago, has but a single purpose: It is to turn out graduates who know as much of the tactics and strategy of communism as prospective admirals know of the tactics and strategy of naval warfare.

TOWARD THIS END, the Institute for American Strategy some months ago acquired a 671-acre tract of land in Culpeper County, a mile or so from the wide space known as Boston. The property includes an impressive stone mansion that rises out of the hills as naturally as a granite boulder. From its courtyard, one may look to the Hazel River, plunging over rapids far below. In the middle distance, Black Angus cattle graze on green mountain meadows. On beyond are the soft and silken mountains, slate blue and dark blue, and still darker blue. Here the students will come.

It is important to touch on the setting, for the leaders of the Institute for American Strategy chose this lovely stillness as deliberately as any Thoreau at Walden Pond. They could have established their Freedom Studies Center smack in the middle of Big Washington or in some glass hut on the Hudson. But their conviction is that men who would master great ideas need some measure of great tranquility to grasp them in.

The small community of scholars they envision is not to be distracted by a jangling urbanism, pressing in. The name of the "Freedom Studies Center" is a model of precision. The idea is to bring in small groups at first — 25 or 30 at a time — for seminars of a few days or a few weeks. Twenty-eight congressional aides came as a vanguard to Boston on September 21 for four days of intensive studies. The next such group may be chosen from industrial leaders, then from professors of history and political science. In time, as a prospective building program moves ahead, most of the full-time students (about 400 in all) will be graduate students chosen from participating universities. They will study freedom, what it is, why the West must

preserve it, how the East would twist freedom into slavery.

THIS IS TRAINING in psycho-political warfare. For those closest to the project, it is a dream coming true.

More than eight years ago, a group in Orlando, Fla., headed by Alan G. Grant, Jr., perceived the need for an academy that would train key men in government, in the armed services, in academia, and in private life in certain non-military aspects of Communist aggression. They envisioned a government-financed academy, patterned generally after West Point and Annapolis.

The idea was embodied in various House and Senate bills, sponsored by members of Congress from across the political spectrum: Senators Fong, Keating, Douglas, Proxmire, Lausche, Dodd, Hickenlooper, Goldwater, Mundt. The range was as wide in the House. But under the wet blankets of the State Department's opposition, the bills regularly went to sleep in committee.

THEN THE IDEA developed — and it was a better idea in every way — for the proposed Academy to be brought into being with private funds. The Institute for American Strategy, founded in 1958, took the lead. Fifty-five educational institutions and major organizations offered their support. To date, nearly \$800,000 has been donated or pledged by leading foundations, corporations and individuals. A long-range goal has been set of \$11 million. The land and the manor house are bought and paid for. The Center is now an institution in being.

The congressional aides who came here for the shakedown seminar heard a dozen cold war experts — Edgar Ansel Mower, Dr. Eleanor Dulles, Walter Lippman, Allen Dulles, they heard Dr. Frederick Bartholomew, of Yale, on "Soviet Propaganda with Special Reference to Peace and Disarmament Themes." Two spokesmen from the AFL-CIO's National Maritime Union gave them insight on the cold war at sea. By the time the seminar ended, their heads were bursting with new understanding of the pivotal struggle of this century.

Not one nickel of "CIA money," or any other government money, has gone into the Freedom Studies Center. It is intended to be the voluntary contribution of a voluntary society toward its own survival. The scholars and officials who are invited to come here will come at their own expense, or on Foundation grants. And because the Center is not an agency of government, it will be free to pursue the study of freedom and communism untroubled by the inhibitions of diplomacy. It is a great concept in terms of the total struggle between West and East, as solid as the distant mountains, as clear and cold as the stream below.

SYLVIA PORTER

Living Costs Making Front-Page Politics

BETWEEN NOW and election day, our rising cost of living will be front-page politics. Neither you nor I need another poll to tell us that this has become a great political as well as a key economic issue of 1966.

We're "feeling" the accelerated climb in living costs where it hurts — in our pocketbooks. We're "living" the accelerated depreciation in the buying power of our dollar where it also hurts — in the dwindling real value of the dollars we are saving for our future financial independence.

There's no denying that the superb 1958-65 record for price stability has been smashed this year. The rise in living costs in 1966 is already at 3 1/2 per cent and still speeding up. The dollar which bought you 100 cents of goods and services at the start of 1966 will buy less than 97 cents worth when millions of us go to the polls in November.

THIS IS unquestionably serious inflation — although it is modest, compared with the runaway inflation of the World War II period. The 100 cents dollar of 1939 was worth only 66 cents by 1946. It is also modest compared with the inflation of the Korean war period. The cost of living jumped 11.7 per cent in the two years of 1950-51.

Nevertheless, it is the worst inflation we have suffered in 15 years. For young voters whose real-life experience do not go back even to the Korean war, it is a new, extremely disturbing squeeze. Lulled by the record of 1958-65 into a sense of security about the dollar's stable buying power, these voters resent it even more than those of us who recall previous war-inspired inflations and can put this new phase into perspective.

Senator Soaper Says

Football games in August may be all right, but it strikes us that there is some danger in tinkering with the mainspring that regulates the timing of the universe.

way through these weeks of political palaver, here's the dollar's postwar record divided by administrations. I've chosen 1948 as the base year of 100 because it was the first "normal" year after the World War II inflation and it is a recent enough year to make sense to most voters. Assuming 1948's dollar bought 100 cents of goods and services, the subsequent table is:

Pres.—Dates	Loss	end of peri.
Truman: 1/49-1/53	9.8c	90.2c
Eisenhower: 1/53-1/57	3.2c	87.0c
Eisenhower: 1/57-1/61	6.3c	80.7c
Kennedy-Johnson: 1/61-1/65	3.7c	77.0c
Johnson: 1/65-7/66	2.9c	74.0c

Obviously, the worst record of all was during Democrat Truman's last term. This covered the Korean war's outburst and also the continuing sharp rise in the prices of many goods and services which were still slowing off the lid of World War II's controls.

OBVIOUSLY, the next worst record was during Republican Eisenhower's last term. This covered the inflation which accompanied the spectacular boom in business spending in 1957 and reflected the lack of any curbs over the leaping prices of goods and wages.

College Homecoming Court Revealed Here

Bette Foster, a senior marketing major from Natchez, Miss., will reign over Northeast Louisiana State College's 1966 Homecoming here next Saturday.

Miss Foster was chosen Homecoming Queen in balloting by students here Friday.

Elected maid of honor was junior Carolyn Rea of Monroe. Chosen to represent their classes on the court were senior Carol Aplin of Harrisonburg, junior Kathleen Dawkins of Denham Springs, sophomore Alice Goodwin of Shreveport and freshman Gale Carter of Mer Rouge.

A total of 1,039 students participated in the voting Friday. Students voted for six girls — two seniors, two juniors, one sophomore and one freshman — from a field of 67 candidates.

Miss Foster received the highest number of votes among the senior candidates to be named queen and Miss Rea was the top vote-getter among the juniors to be named maid of honor. Miss Aplin and Miss Dawkins received the second highest total of votes among the senior and junior candidates to represent their classes on the court and Miss Goodwin and Miss Carter led the voting among sophomores and freshmen.

The new queen is the daughter of Mr. and Mrs. T. S. Foster of 203 Liberty Road in Natchez. She is a graduate of Natchez - Adams High School and is a former Miss Natchez. She has served as a member of the girls dance team at Northeast and as vice president and reporter of the Women's Recreation Association.

Miss Rea is a Spanish major and graduated from Neville High School. The daughter of Mr. and Mrs. R. W. Rea of 1010 North Second, she has also served on the girls dance team, as secretary of Cosper Hall and as scholarship chairman of Alpha Omicron Pi social sorority.

'Times' Sold To Canadian In London

LONDON (AP) — The London Times, for many years Britain's most prestigious newspaper, is being taken over by the Canadian-born newspaper magnate Lord Thomson.

The 181-year-old "Thunderer" announced Friday night it is merging with Thomson's London Sunday Times in a new corporation. Up to now, there has been no connection between the Times and the Sunday Times.

The Thomson organization will own 85 per cent of the stock, the Times Publishing Co. the rest. The paper will be run by an 11-man board including the editor, four independent national figures, and nominees of Thomson and Gavin Astor, the Times' present chairman.

The move fulfills Thomson's lifelong ambition to own one of Britain's national daily newspapers. He already owns provincial papers, television stations, book publishing companies and journalistic holdings in Canada, the United States and Africa.

Fair Queen

HOMER (Special) — Miss Linn Caraway, a Haynesville High School senior and daughter of the Rev. and Mrs. J. J. Caraway of Homer, won the title of 1966 Claiborne Parish Fair Queen in a Jaycee sponsored pageant at the Haynesville High School auditorium this week.

First runner-up was Miss Donna Buford, daughter of Mrs. Juanita Buford, of Haynesville, with second runner-up Miss Jan Torbet, daughter of Mr. and Mrs. J. W. Torbet Sr. of Homer. Each was presented with a trophy.

Officers Are Elected For Riding Club

FARMERVILLE (Special) — The following officers have been elected for 1967 by the Union Parish Saddle Club: President, Lorus DeCelle Jr.; vice-president, Connie Ray Alford; secretary, Roy Nolan; treasurer, Rabon Noland; parade marshals, Connie Ray Alford, S. P. Guice and Glynn Tucker; D. R. C. A. representatives, Louis De Celle Jr., Conie Ray Alford and Glynn Tucker, with alternate being S. P. Guice and Hudson Lee Miller.

The new board of directors is composed of DeCelle Jr., Guice, Connie Ray Alford, Tucker, John B. Odom and Miller. Plans have been made to acquire new rodeo uniforms to be worn in all parades throughout the area next year.

The Union Parish Saddle Club will be assisting the assistant county agent with the first Union Parish Junior Livestock Show in Farmerville on Oct. 8 in the Farmerville arena.

Concluding the riding season, the 92 riding club members will have a trail ride and fish fry on Oct. 22.

The new officers will take office in January.

Gov. McKeithen Signs Woman's Commutation

BATON ROUGE, La. (AP)—Gov. John McKeithen signed a sentence commutation Friday for Mary Katherin Hampton, and made her eligible for parole.

The Sandy Hook, Ky. woman has been serving two life sentences at the St. Gabriel Prison for Women since April 1961. She pleaded guilty in murders of Metairie businessman Benjamin Yount in St. Charles Parish and of Boutte Barmaid Mrs. Hermine Fielder in St. Mary Parish. Miss Hampton was implicated in the fatal shootings by Emmitt Monroe Spencer, convicted murderer, who awaits execution in the Raiford, Fla., prison's death row.

She was 16 at the time of the slayings.

Miss Hampton said she pleaded guilty at her trial because she had no other choice—"they kept telling me I did it."

The governor's action puts Miss Hampton's attorneys in position to seek a parole for her, possibly at a meeting at St. Gabriel Monday of the Louisiana Board of Parole.

The State Board of Pardons voted 2-0 to commute Miss Hampton's sentences to 10½ years.

The governor had indicated earlier he intended to sign the documents.

Dallas Man Questions Airport Site

ALEXANDRIA (Special) —An airport expert's conclusion that Esler Field is the best location for the city's airport was questioned Friday.

The expert, Robert Cralle of Dallas, met with members of the Rapides Airport Committee Friday and submitted his report.

Airport expansion for the Alexandria area is planned and Cralle was retained to conduct a study.

Cralle advised the committee that Esler Field is well located and that in addition it would

cost more to move to a new airport and construct new roads than to use Esler Field with its existing roads.

Chris Hayne, who operates a flying service objected completely to the study. He said the study was not made with other possibilities in mind and urged the committee to delve further into the problem.

Hayne contended that Esler is inadequate and out of the way. While Cralle said that airports in other cities of a similar size are adequate, indicating also that the 10-mile drive from Alexandria to Esler Field was not unusual.

Market Drove Down After Opening
The New York stock market survived a test Friday, closing above its 1966 low of late August after recovering from a sharp selling drive.

Volume was moderate, totaling 6.19 million shares.

The close-watched Dow Jones industrial average ended with a slight gain of 1.56 at 774.22. At 1 P.M. (EDT) it had been driven down 6.07 to 766.59. This put it below the year's closing low of 767.03 reached Aug. 29. Prices recovered swiftly from that point onward, however.

It was virtually a straight-up advance from then until the close. Because of the trough from which the rally started, the net results were trifling, impressive to those who hope for higher rather than lower prices.

In the absence of any earth-shaking news that might be credited with causing a reversal of sentiment, analysts set the recovery down to technical factors.

Among the technical factors was short covering. This is the purchase of stock to replace shares borrowed and sold short with the hope of making a profit through buying replacement stock in the future at lower prices. When the major trend is lower, as it has been for most of this year, precautionary short covering — buying — before a weekend is a conspicuous way of taking profits, just as selling is on Friday's when the major trend is up.

The Associated Press average of 60 stocks rose .4 at 279.6 with industrials up 1.4, rails off .8 and utilities up .4.

Standard & Poor's 500-stock index was up .25 at 765.56.

Of 1,379 issues traded, 569 rose and 543 fell. New lows for the year totaled 166 and new highs two, Columbia Pictures and General Mills preferred.

Industrial Development Set For Jena

JENA (Special) — The Jena Industrial Development Corporation is being formed by civic and business leaders of the Jena area.

Purpose of the firm, to be known as JIDCO, will be to purchase land and erect facilities as a key part of an industrial development program for the area.

The corporation will be owned and operated by local people who show enough interest in developing the area to invest in stock.

The company has immediate plans for raising approximately \$35,000 and purchasing a suitable industrial site in the area. This site will be available for industries seeking locations.

"In the competitive search for job-producing companies," Emmitt Lee of Baton Rouge has said, "it is imperative that locations be available as a first step." Lee is a community development specialist for the Louisiana Department of Commerce and Industry.

Local leaders agree that this step must be taken if the area is to profit from the industrial boom Louisiana is now enjoying.

As one local leader said, "Industries are being brought into the state all around us. If we want our share, we must get up and go after it."

The company will sell shares and use the money to purchase land. Therefore a minimum of risk involved as either land or cash on deposit in local banks will secure the stock.

No expenses will be incurred until a satisfactory amount of money is pledged. Members of the board of directors and officers will serve without pay and expenses will be only the absolute minimum necessary to purchase land and prepare it for an industry.

Members of the community will call on residents of the area to secure pledges for the stock. As yet, the group has not elected officers or filed a charter with the state, although a tentative agreement has been reached.

The effort is being spearheaded by the LaSalle parish Development Board, although participation and leadership is not limited to that or any other group.

"This must be a community wide project," said board secretary F. H. Sheil. "To be successful, the program must have the unanimous support of the entire community."

Contacts by members of the stock sales committee will start in the next two weeks, Sheil said.

Classes Set

JONESVILLE (Special) — A Radiological Monitoring Course will be taught in Jonesville beginning Thursday, at 6 p.m., it was announced by R. L. Little, director of RADEP for the parish CD Agency.

The classes will be taught at Block High School in Jonesville.

Instructions in the use of instruments in measuring the amount of radio active material in the air will begin immediately following the organization of the class. Little pointed out. Dates and time for the completion of the 16 - hour course will be determined at the first meeting.

To Receive Award

Homer (Special) — Nolan S. Causey, Claiborne County Agent, has been selected by the Louisiana County Agents' Association to receive the Distinguished Service Award, which will be presented at the National meeting of the Association in Hawaii Nov. 1-7.

Causey was presented a \$100 check from William A. Marbury Jr., president of the Homer National Bank, to help pay Causey's expenses for attending the annual meeting of the Association.

RID BODYGUARDS

MANILA (UPI) — Police have given politicians and other provincial officials in Central Luzon until Saturday to shed themselves of their gun-toting bodyguards.

School Year Plans Object Of Meeting

NATCHITOCHES (Special) — Plans for the 1966-67 school year will be discussed here today at a meeting of directors of the Louisiana Academy of Sciences programs, according to Dr. George H. Ware, Northwestern State College professor of biological sciences and Academy president.

The Academy will sponsor three programs for junior and senior high school students, Dr. Ware said.

Thirteen regional science fairs will be held throughout the State at colleges and universities. The 13th annual Louisiana State Science Fair will be held at Northwestern here April 8, 1967. Winners at regional fairs will compete in the State Fair. Dr. James L. Rhoades, associate professor of chemistry at Northwestern, is Director of the State Science Fair.

Papers on research projects carried out by junior and senior high school students are presented at the annual meeting of the Louisiana Junior Academy of Sciences. Two top winners present their papers at the national meetings of the American Association for the Advancement of Science. The 1967 meetings of the Junior Academy will be held at Centenary College in Shreveport April 28 and 29. Dr. Charles E. DePoe of Northeast Louisiana State College in Monroe is Director of the Junior Academy.

Under the visiting scientists program, speakers are provided for junior and senior high schools from lists of professional scientists who have expressed willingness to present talks. Dr. Merlin Ohmer of Nicholls State College in Thibodaux is Director of this program.

Angola Rodeo Being Slated For Oct. 14

ANGOLA (Special) — Col. Wingate M. White, director of Institution has announced plans for an "Angola Field Day and Rodeo" to be held at Louisiana State Penitentiary Oct. 14.

The field day is designed to show the cattle, swine, farm and abattoir operations at the prison to the invited guests, Col. White said. Of particular interest will be the abattoir where some 120,000 pounds of pork and beef are slaughtered and processed each month.

The day will begin at 10 a.m. with conducted tours of the prison farm, White said. A conchon de lait barbecue will be served at noon. The rodeo, which will be staged by prison inmates, will begin at 2 p.m. and will conclude the day's activities.

Louisiana newspaper publishers, radio and TV station owners, members of the Legislature, State officials, sheriffs, county agents, and other officials are being invited to the field day.

Homecoming Program Is Set At NSC

NATCHITOCHES (Special) — Plans to make the 1966 Northwestern State College Homecoming Saturday, Nov. 12, "the biggest ever" were discussed at a meeting of an executive committee this week.

Co-chairman of the committee are Joe W. Webb, secretary-treasurer of the Alumni Association, and Harrel C. Haile, director of Financial Aid, who will succeed Webb Jan. 1, 1967. Meeting with the committee was Natchitoches Mayor W. Ray Scott, president of the Alumni Association.

A change in the annual program is the elimination of the downtown parade. Instead, alumni members will be accompanied on escorted tours by members of Purple Jackets, Blue Key and Circle K, service organizations. Tours will start from Varnado Hall.

Increased emphasis will be placed this year on decoration of dormitories on campus. Award money formerly provided for winning floats in the annual parade will be added to totals going to the best decorated buildings.

Special features of the program following a luncheon will be talks by Scott and Acting President Arnold R. Kilpatrick, recognition of distinguished graduates and presentation of an honorary membership to a person selected for the honor by the Board of Directors of the Alumni Association.

Three cheers! It's here!

Northeast Opens GSC Play, Hosts Demons Tonight

Packed House Expected For Crucial 7:30 Battle

By KEITH PRINCE
World Sports Editor

Northeast State and Northwestern, the two biggest surprises in Louisiana collegiate football this far in 1966, clash here tonight in the opening Gulf States Conference game for both, and one that has taken on quite an aura of importance in the span of one week.

Expected to battle for the GSC cellar position this fall, the two clubs are now the only undefeated teams in the conference and will be displaying their talents before a sellout crowd at Ouachita Stadium. Game time is 7:30.

Northwestern, as big as ever and apparently more polished than usual, ripped through Louisiana College, 49-0, last week while Northeast, as determined as always but finally much more experienced than ever, defeated Southeast Missouri, 20-9, two weeks ago and then shocked major college East Carolina, 21-14, last Saturday.

Wrap these three impressive wins into one package, throw in a "conference" label for flavor, mix with a well seasoned rivalry and you have to expect a tremendous football game.

At least that's the forecast. If there is a favorite among the bookies it will probably be Northwestern on the majority of the sheets simply because there is still the dark question mark hanging over Northeast's head thanks to its shady past.

Are the Indians for real? It appears they are, although just how real won't be fully known for sometime. Still, tonight should provide some incriminating evidence for one side or the other.

Meanwhile, shadows and question marks have no big hold on Demon football history. Since Jack Clayton arrived at NSC in 1957 he has tied for two league titles and won one outright, in 1962.

Always one of the largest clubs in the league, Northwestern again is of Goliath size. Of nine tackles listed on the pre-season roster all weighed at least 230 pounds.

And this year it appears Northwestern has the head to guide its massive body. In fact, two leaders of apparent equal abilities are present to deal Demon foes misery.

Quarterbacks Donald Guidry, a sophomore, and junior Malcolm Lewis left little to be desired in last week's massacre. Guidry hit on 10 of 15 passes for 162 yards and a touchdown while his "sub" Lewis completed six of seven aerials for 94 yards and another six-pointer plus scoring 13 points himself on a touchdown and seven extra points.

So effective was the NSC offense (474 yards of effective) that Demon publicity has their offense labeled "matchless." And, that it may be.

But Northeast, after going 1-16 in Dixie White's first two years here, is finally finding out again that football can be fun — and not just for opponents.

The most eye-opening improvement in this year's Northeast team is its offense. So important was the Tribe offense last year that it forced the defensive unit into duty approximately 75 per cent of the time.

Although you have to believe the vast offensive improvement is from a year's experience (because it is) another of the reasons for its improvement must be attributed to the most inexperienced man on the squad, Dalton LeBlanc.

Four years is a long time for any athlete to be away from a sport and then hope to excel in it. But that's how long LeBlanc has been away from football since he was an all-district halfback at Terrebonne High School in Houma.

Although not expecting to set the world on fire, LeBlanc came out this fall because "I felt I might help somewhere." He was.

Scoring on runs of three and 63 yards against the big time Pirates of EC, the former Tribe sorcerer finished with 135 yards for the night and now has 181 for a 6.7 average.

Joining LeBlanc in the Tribe backfield is quarterback Steve Mansur, also outstanding in both games this season, with credentials that list him as the loop's total offense leader with 223 yards (146 rushing, 77 passing). Alton Thomas the league's rushing leader with a 8.3 average and fullback Bobby Scafield who has "only" a 4.3 average.

Also on hand is halfback David Elkin who was outstanding against East Carolina with 50 yards rushing, including a 24-yard jaunt in his first carry of the year.

Another new offensive weapon for the Indians this year comes in the person of Clark Blake, the ex-marine from Florida who gives Northeast its first legitimate scoring threat via the toe route since the invention of the field goal.

He's already kicked more field goals this year (two) than the Indians recorded all last year and has converted successfully after all five Northeast touchdowns for 11 points.

When Northwestern's gold-dust twins get tired of throwing they can give to runners like Gary Pittman, Neal Prather, Kenny Callens and Barry Fresh for the big gain or fullbacks Randy Tate or Russ Gellow for the tough yardage.

Line stars are plentiful also. Northwestern has all-GSC end Dick Reding, who leads the league in receptions with six for 138 yards, tackle Ross Gwinn and guard Eddie Mittelbronn, both second teamers on the all-league offensive team in '65.

Demon safety Al Dodd holds the league interception record and was second team NAIA all-America last year and GSC Athlete of the Year.

Northeast's Ron Sumter and James Kirkendall were among the GSC's best tackles last year, Sumter making the all-league second defensive team, while guard Greg Jubert and line-backer Ron Gaetano have been defensive standouts this year.

Ruston's Bearcats

Ramble On

RUSTON (Special) — The Ruston Bearcats' charge through the ranks of triple-A football continued unchecked here Friday when Coach "Boss" Garrett's charges toppled Fair

THE YARDSTICK			
	FP	Rus	
First downs	4	12

Yards passing	85	46	
Passes (A.C.)	14-6	12-5	
Passes Inter. by	4	2	
Punts, avg.	4-36	3-37	
Fumbles lost	0	0	
Penalties	1-5	2-20	

Park of Shreveport, 14-7, for four straight victories in the Bearcats' first triple-A season.

Ruston spotted the invaders a 7-0 halftime lead and fought back with the offensive duo of Allen Shorey and Bruce Jackson to snatch the victory to support a fine defensive job.

"Skip" Akin intercepted a pass and raced 55 yards in the second quarter for the Fair Park touchdown. John Miller kicked the point.

Shorey electrified the partisan Ruston crowd with a 70-yard punt return for the first Bearcat TD in the third quarter, and Charles Alexander kicked the tying point.

Jackson got the clincher with a one-yard burst through the line in the last quarter, Alexander again booting for the conversion.

The winning drive saw Ruston move the ball 57 yards in a sustained drive of 11 plays. It was Fair Park's second loss in four games. The Indians stand 1-2 in district play. Ruston 4-0, has faced nothing but league opposition and draws a fifth triple-A fee in West Monroe here next Friday.

Shorey and Jackson romped for 165 yards with Shorey going for 70 in 15 plays and Jackson getting 95 in 22 plays. Top gainers for Fair Park were John Miller 14 in three plays, Wayne Haneey, 29 in nine; Jim Brown, 23 in six.

Ruston's defense deserved plenty of credit for containing the Fair Park offense and the work of Tom Sumrall, Jerry Hodges, David Smalley and Robert Lewis was outstanding — Lewis particularly so.

Miller and Haneey led the Indian offense while Bobby King, Robert Davis and Gerald Simpson stood out on defense.

Fair Park			
FP-Skip Akin 55	Intercepted pass	John Miller kick	
Rus-Allen Shorey 70	Punt returns	(Charles Alexander kick)	
Rus-Bruce Jackson 1 run	(Alexander kick)		

OPPOSING FULLBACKS tonight at Ouachita Stadium will be Northeast's Bobby Scafield (left) and Randy Tate of Northwestern. Scafield is a junior from Chalmette and Tate is a freshman from El

Dorado. Both boys have been instrumental in their clubs' early season success. Northeast is 2-0 and Northwestern 1-0.

Knights Drench Lions, 13-6

By BOB CARROLL
World Sports Writer

Knight fullback Ross Oglesby rushed for 178 yards and a touchdown while the Woodlawn defense held Ouachita for 38 yards on the ground and a 13-6 1-AAA victory at the Lions Stadium Friday night in a game that saw the last 20 minutes played in a drenching rain.

The big 190-pound fullback raced for a 60-yard touchdown in the early minutes of the second period and halfback Tom Hagin pushed over from the one late in the third to provide what proved to be the winning tally.

Ouachita's score came early in the fourth stanza when Billy Kemp, the Lion punter and reserve fullback, bulled over from the one after the Lions had recovered a Woodlawn fumble on the two.

chita bottled up on its own goal line after Woodlawn had driven down to the 24 only to be held on downs, but pushed the Lions back under the shadow of the Ouachita goal posts.

Delhi Downs Wossman Behind Boone, Hopper

By JAMES BICKFORD
World Sports Writer

Delhi's Bears defeated the Wossman Wildcats 13-0 behind the running of quarterback Danny Boone and halfback Jarrell Hopper at Neville Stadium Friday night on a wet field.

In the first quarter Hopper scored on a 10 yard run and in the fourth quarter Boone ran for

THE YARDSTICK

Fumbles-Lost	4-4	2-2	
Penalties	3-45	9-115	

a 22 yard touchdown for all the scoring for Delhi. George Pruitt kicked the extra point after the second TD.

After an exchange of punts, Delhi end Ken Thornton recovered a Rodney Willis fumble on the Wossman 10 yard line early in the first quarter.

On the first play from scrimmage, Hopper ran 10 yards up the middle for the score with 7:28 remaining in the period.

The Bears had a TD called back because of a clipping penalty on a 45 yard punt return by Allen Waldrop in the second quarter.

Playing in the rain almost the entire game, neither team could sustain a drive and the first half ended with Delhi in front 6-0. The punting of Delhi signal caller Boone kept the Wildcats in their own territory in the first half and almost the entire game.

In the second half the Bears drove to the Wossman two yard line only to give up the ball on a fourth down situation from the two yard line after a tough Wildcat defense held.

After a Wossman quick kick by Willis to the Delhi 49 yard line, the Bears drove 51 yards on three plays with QB Boone going the final 22 yards around

The Knights compiled a total of 14 first downs to Ouachita's 2, and had a total offense of 306 yards, to Ouachita's 39. The Knights lost four fumbles during the night, but managed to keep the situation in hand with its stiff defense.

Penalties were numerous in the game, with Woodlawn being penalized nine times for 83 yards and Ouachita seven for 55 yards.

Ouachita had an early opportunity to score when Orville Taylor crashed through in the first quarter to block a Knight punt, which Kemp pounced on at the Woodlawn 9-yard line.

A 15-yard penalty against the Lions pushed the ball back to the 26, but carries by Don Bendily, Tommy Antie and Wayne Acee brought the Lions back down to the eight before the ball went over on downs.

Woodlawn hung onto the ball long enough to garner a first down at the 20, but a Knight fumble was recovered by Dan McNair at the Woodlawn 22, and the Lions were again in scoring position. They ended the

series back on the 28, again unable to move against the Woodlawn forward wall.

It was here that the Knights' first touchdown drive began with halfbacks Randy Stephens, Tom Hagin and Doug Bland punching out to the Ouachita 45 yard line. After a 15-yard penalty set the Knights back on their own 40, Oglesby skirted right end for 60 yards and paydirt with 10:20 remaining in the first half.

Tommy Harrington's PAT at attempt was blocked by Lion Terry Turner.

The Knights regained possession of the ball midway of the second period, recovering a Lion fumble on the Ouachita 34 and rolled to the six before fumbling themselves. Taylor picked this one up for the Lions, but Ouachita was forced to punt in four plays.

The half ended with Woodlawn at its own 43.

The Knights' second touchdown drive began when Stephens fell on a Ouachita fumble at the Knight 47. Four straight carries by Oglesby brought Woodlawn down to the Ouachita 28, and a 15-yard pass from Ferguson to Hagin placed the Knights on the Lion 12 with a first down.

Hagin and Bland carried down to the one for a first down, where Hagin went over on the next play. The kick by Harrington was good for a 13-0 lead with 1:35 remaining in the third period.

It was here that a heavy rain

Cross Country

began, and with it more fumbles and slippery footing.

Ouachita failed to gain yardage after taking the kickoff following the Woodlawn touchdown, but Kemp's 45-yard punt put Woodlawn on its own 10-yard line. A five-yard penalty against the Knights pushed them further back to the five where a loose ball was recovered by Taylor. Kemp scored over the middle on the next the Lions trailed by 13-6 with 10:00 left in the game.

The rest of the game was a punting duel with Woodlawn's penetration to the Lion 24 being the only threat in the last minutes of the game.

on my last car!

How? Through my State Farm Mutual agent. He helped me get financing through a local cooperating bank. And that low cost bank financing really saves you money! Then I insured the car with State Farm too, and enjoyed the extra value of their insurance. Guess a lot of car owners save like this through State Farm. Say... why don't you call your State Farm agent?

John, It Was Embarrassing

THE HOT LINE for cool quotes:

We hear and read about the big bonuses and the \$100,000 salaries almost daily now in sports. But it's not all roses in the big leagues. Once when Gene Oliver signed his contract with the Braves, general manager John McHale told him not to reveal the figure because "it's club policy to keep such matters confidential." Oliver answered this way: "Don't worry, John, I'm just as embarrassed about it as you are."

MAYBE SOME OF YOU missed this dilly in Football News this week under Gar Yarbro's column. It concerns Minnesota coach Norm Van Brocklin just after he took over the reigns of the Vikings.

It seems Van Brocklin had not become too well acquainted with his squad of 90 at the Vikings' initial training camp. One day he was particularly displeased with results and was chewing on his players pretty good.

"Hey you at the back of the room, all slumped over. What's the left tackle's assignment on the fullback counter inside?" Van Brocklin snapped.

"I don't know," came the honest reply.

"Well, then, Simple, can you tell me what the slot end does on the halfback run-pass option?"

"Never heard of it," came the answer. At this Van Brocklin completely blew up. "I went over that just yesterday, you idiot," the coach shouted. "Where were you?"

"I was out drinking beer with some friends," came the answer.

Norm turned purple. "You have the guts to stand there and tell me that. How do you expect to make the cut?"

"Hell, coach, I don't. I'm the electrician. I just came in to fix the lights."

BUFFALO GUARD Bill Shaw, former Vidalia resident, drew a fine line of praise from New York Jets lineman Sam DeLuca recently when the subject of blocking against Ernie Ladd came up. Said DeLuca, "Every guard in the league needs help against Ladd except Bill Shaw of Buffalo. Shaw is so good, he can do it alone."

There's an annual argument going on concerning which state has the best high school football. Maybe this recruiting war discussion from Sport will help clear up the matter: Michigan State coach Duffy Daugherty asked UCLA coach Tommy Prothro to stop recruiting in his territory. "Why I haven't got a Michigan boy on my squad," said Prothro. "I'm not talking about Michigan," said Daugherty. "I'm talking about Texas."

OVERHEARD ON THIS WRITER'S recent airplane trip to the East Carolina-Northeast game in Greenville, N.C. — "I don't mind the pilot coming on the intercom speaker and telling us that 'we are now cruising at 25,000 feet,' but I don't particularly appreciate the stewards following this a few minutes later by giving instructions on how to operate the emergency doors."

And there was one football player on the trip who obviously works as a mechanic in his spare time, or at least would have rather been working as one that day instead of traveling by airplane. As the engines were turned on before takeoff a tremendous amount of smoke billowed out from the propellers. Upon seeing this the young man jumped from his seat and started toward the pilot's cabin. "Hold everything, man," he yelled. "This thing ain't going anywhere. It needs a ring job on number one."

I don't guess there's any need for me to tell a lie about it, myself. When he started for the pilot, I was ready to try one of those emergency doors — before we got airborne.

I SAW RECENTLY where Bob Devaney, Missouri's highly successful coach, was asked why he didn't ask for a lifetime contract. "I had a friend who asked for one," Devaney said. "He had two losing seasons, and the college president called him into his office and pronounced him dead."

The Way I See 'Em

The party's over. Now I'll have to spend the next nine or 10 weeks straightening things up. But I don't really ever expect to get things right again like they were that first week.

In week No. 2 (last week) I missed nine of my 30 choices for a .700 percentage. Coupling this with the previous week's total my offensive statistics now read .783 on 47 right, 13 wrong in 60 picks.

Here are this week's picks:

GULF STATES CONFERENCE: Northeast 17, Northwestern 14 — May be over optimistic. It will take an effort at least equal to last week's, but I feel like the Indians won't settle for anything less now that they have gotten a taste of victory. Louisiana Tech 21, McNeese 7 — It should be a lota fun for the Bulldogs, and they deserve it. Southwestern 21, Southeastern 12 — Very interesting setup. USL's preseason clippings may haunt them all year, especially if they lose this one.

SOUTHEASTERN CONFERENCE: LSU 14, Miami 7 — I really don't have a reason, just ignorance I guess. Alabama 24, Ole Miss 16 — Better judgement says go with Vaught, but Bryant has tradition and unbelievable winning attitude on his side. Auburn 17, Kentucky 15 — Jordan's boys were embarrassed last week, this week they will be ready. Florida 28, Vanderbilt 7 — Another fine day for Mr. Everything. Georgia 20, South Carolina 17 — Despite all the tricks he can think of, Dietzel is sucking wind again. Mississippi State 30, Richmond 6 — The Bulldogs are very, very hungry. Tennessee 24, Rice 14 — If Rice wins this one they ought to go ahead and bronze ole Jess right now and put him in the Hall Of Fame.

SOUTHWEST CONFERENCE: Baylor 21, Washington State 7 — Unless Baylor can't give Southall protection. SMU 14, Purdue 7 — A crazy pick, but I've missed on the Ponies two straight weeks and there's no use ruining the streak. Texas A&M 14, Texas Tech 6 — Ditto here as with SMU. Texas 30, Indiana 0 — I believe it with all my Texas born heart.

OTHERS: Stanford 10, Tulane 0; Notre Dame 28, Northwestern 10; Colorado 13, Kansas State 7; Duke 19, Virginia 14; Georgia Tech 36, Clemson 14; Memphis State 20, Southern Mississippi 7; Michigan State 14; Illinois 0; Michigan 13, North Carolina 10; Minnesota 23, Kansas 7; Ohio State 21, Washington 0; Syracuse 28, Maryland 14; UCLA 21, Missouri 7; Houston 14, Oklahoma State 13; Southern Cal 30, Oregon State 9; California 17, Pitt 7.

Tallulah Upset By Winnfield

WINNFIELD (Special) — Winnfield's tenacious defense held its opposition scoreless for the third straight game and

YARDSTICK	Tallulah	Winnfield
First downs	14	7
Yards passing	142	1
Passes (A-C)	14-2	1-1
Yards rushing	80	68
Punts	5-34	8-26
Fumbles-Lost	9-1	8-3
Penalties	1-5	4-34

claimed the only touchdown of the night as the Tigers upset ninth ranked Tallulah, 6-0.

The contest, the first in district 2-AA for Winnfield, leaves the Tigers 3-1. Tallulah is also 3-1.

End Mike Spangler picked up the lone tally early in the first quarter when Dale Stewart punted to Tallulah. The Trojan safety bobbled the punt at the Tallulah five, Spangler was there to scoop it up and he fought into the end zone for the score.

The clock showed 9:18 in the quarter when Winnfield got its six points.

The game was played in a heavy rain and neither team managed much of an offense.

Tallulah	0	0	0	0	0	0
Winnfield	6	0	0	0	0	0

W—Mike Spangler 6 yard run (Run fall)

Last Second Win

COLUMBIA (Special) — Jena scored with two seconds to go in the game to preserve its unbeaten status and take a 7-0 victory over winless Caldwell.

The game was the first district 2-AA contest of the year

YARDSTICK	Jena	Caldwell
First Downs	12	9
Yards Rushing	170	141
Yards Passing	50	33
Passes	7-2	3-3
Had Intercepted	0	0
Punting	4-37.0	7-29.0
Fumbles	3-1	1-1
Penalties	2-25	3-35

for Jena's Giants, who won their fourth straight when quarterback Mack Fowler passed five yards to Gary Don Moseley. Gene Eubanks kicked the extra point.

Caldwell, going down to its fourth defeat overall and second in district play, battled the heavily favored Jena club gallantly throughout the contest, played in the rain. The Spartans held Jena at the one yard line late in the contest but the Giants moved back into score after Caldwell punted out.

Fullback Phillip Brown was the outstanding player for Coach Woody Boyles' Caldwell club.

Jena	0	0	0	7	0	0
Caldwell	0	0	0	0	0	0

Jena—Gary Don Moseley, 5 pass from Mack Fowler (Gene Eubanks kick)

Rayville, 13-0

RAYVILLE (Special) — Mike Cooper fired enough Rayville offense to carry the Hornets to their third victory of the season, a 13-0 decision over LaSalle of Olla, here Friday, but it was the Rayville defense that practically stole the show.

Cooper scored both Hornet touchdowns, the last on a 64-yard slash through the left side of the line. He had gone the same route from six yards out for the first touchdown in the second period, running for the point as well.

The game, marred by nine fumbles, saw the Rayville defense shut off the Tigers without a first down. The near flawless Hornet defense threw the invaders for frequent losses and was so effective in bottling the LaSalle offense that Rayville reserves got steady service.

Rayville, which made eight first downs, stands 3-1 for the season and draws an important district 2-A game with Oak Grove next week. LaSalle's season record is 1-3.

LaSalle	0	0	0	0	0	0
Rayville	0	7	6	0	0	13

R—Mike Cooper 6 run (Cooper run)

Oak Grove, 6-0

OAK GROVE (Special) — Oak Grove handed double-A Pineville its fourth straight loss

YARDSTICK	Oak Grove	Pineville
First downs	8	1
Rushing	96	39
Passing	0	0
Passes (A-C)	7-4	15-1
Had Inter.	0	0
Punts	3-21	10-28.5
Fumbles-Lost	4-0	3-1
Penalties	7-55	3-30

here Friday night on a wet field, stopping the visitors 6-0 on a fourth quarter TD.

Harvey Hemphill raced over from 14 yards out in the last period to cap a 54 yard Oak Grove march.

Hemphill's run on the PAT failed.

Oak Grove drove to the one another time and also to the eight before stalling earlier in the game.

Pineville never threatened seriously.

Pineville	0	0	0	0	0	0
Oak Grove	0	0	0	0	6	6

OG—Harvey Hemphill 14 yard run (Run fall)

Mangham Wins

MANGHAM (Special) — Mangham rallied for two touchdowns in the final period to overcome a Newellton lead and take a 13-6 district 2-B victory here Friday night.

Fullback Joe Banks' PAT run following the first Mangham touchdown, an eight-yard pass

from Eugene Sutton to Lynn Mercer, was enough for the Dragon victory but Banks added six points of insurance later in the fourth with a two-yard TD smash.

Newellton had led from the second quarter on when Charley Campbell rammed one yard for a touchdown. A running try for the PAT failed.

Numerous fumbles by both teams marred the contest, played during a heavy rain. Both clubs picked up six first downs with Mangham gaining 124 yards rushing and passing and Newellton 167.

Banks was the offensive star for the winners and monster man Jerry Barton was outstanding on defense. Mangham is now 3-1 overall and 2-1 in district competition. Newellton is 3-1 overall and in the district.

Newellton	0	6	0	0	6	6
Mangham	0	0	0	13	13	6

New—Charley Campbell 1 run (run fall)

Mang—Lynn Mercer, 8 pass from Eugene Sutton (Joe Banks run)

Mang—Banks 2 run (run fall)

Richardson Wins

Richardson followed the fine running of quarterback Clarence Marshall to a 33-0 league win over Grambling here Friday night.

The victory was the fourth straight for Richardson and the Bears are no 2-0 in district action.

Marshall ran 16, 52 and 61 yards for tallies.

Other Richardson scores were by Willie Wright on a 53 yard scamper and Darnell Newton from 15 yards out. Newton also ran one PAT.

Richardson rolled up 411 yards on the ground while Grambling had just 57. Grambling did manage one more first down than the Bears, collecting six.

Grambling	0	0	0	0	0	0
Richardson	14	0	0	19	33	6

R—Willie Wright 53 yards (Kick fall)

R—Saftey, tackle in end zone

R—Darnell Newton, 15 yards (Kick fall)

R—Clarence Marshall 52 yards (Run fall)

R—Marshall 16 yards (Newton run)

R—Marshall 61 yards (Pass fall)

Homer In Romp

HOMER (Special) — Andy Prince dashed 52 yards for a touchdown to start Homer's Pelicans off to a 40-0 shutout of Cotton Valley here Friday night.

Prince later passed nine yards to Wayne Valentine for a touchdown. Valentine earlier had scored on a three-yard run.

Long runs produced the final three touchdowns. Charles McKay sprinted 79 yards for one score, and Tobe Tabor and Jody Pugh finished with a pair of 32-yard touchdown jaunts.

John Poss kicked two PAT's, Danny Freeman and Tabor one each.

Homer is now 3-1.

Durrett Stars

ARCADIA (Special) — John Durrett scored one touchdown for Arcadia here Friday night but it was his defensive work which gave the Hornets a 10-19 triumph over Logansport here Friday night.

Twice Durrett broke through the Logansport line and blocked extra points — which proved to give Arcadia its margin of victory.

Tommy Lowe scored two other touchdowns for Arcadia. Lloyd Beckham scored twice for Logansport.

Bastrop Falls

BASTROP (Special) — Jack Fraser scored both touchdowns as Bossier dealt Bastrop its

YARDSTICK	Bossier	Bastrop
First Downs	279	19
Yards Rushing	36	36
Yards Passing	36	107
Had Intercepted	0	0
Fumbles	6-4	2-2
Punting	2-25.0	6-31.2
Penalties	6-35	4-40

fourth straight loss of the season Friday night, 12-0.

Fraser ran 11 yards for a touchdown in the second quarter and then took a seven-yard pass from Jerry Harris for the final score in the final stanza. Bastrop's J. B. Willis blocked both extra point attempts.

The game was played on a muddy field and fumbles were frequent — Bossier being guilty of six bobbles and Bastrop two.

Wain Riley was the leading rusher for Bastrop's Rams, who are now 0-4 for the season and 0-3 in district play. Bossier's Bearcats are now 2-1-1 and 1-1 in the district.

Tigers Tip Tide

MIDEN (Special) — Jonesboro Hodge evened its district 1 - AA record Friday night at 1 - 1 by dumping Minden's Crimson Tide, 14 - 12, although

the homestanding Tide topped the statistics.

Both teams scored in the first period with the Tide gaining a 7 - 6 advantage on a pass play of 29 - yard from Mike McKinney to Leslie Kirkland. Rodney Mize plunged across for the J - H score from the two.

Jonesboro netted its other score in the final period on a one - yard plunge by Randy Phillips while McKinney raced nine yards for the final Tide score.

In total offense, Minden had a 334 - 186 edge.

Sterlington, 25-0

CROWVILLE (Special) — Quarterback Charles Stuart scored twice and set up another TD here Friday night to lead Sterlington past Crowville, 25-0, in a wet contest marred by rain throughout.

There were approximately 15 fumbles in the contest, about evenly split although Crowville lost the ball on four occasions by fumbles.

Stuart scored from two yards out in the first period and five in the second while Bruce Gregg and Randy Jenkins added the other tallies. Roger Huckabay ran the lone Sterlington PAT.

Jenkins' score was set up when Stuart rolled out on a keeper from the Crowville 45, went 15 yards and then pitched back to Jenkins who went the distance.

YARDSTICK	Ferriday	Providence

Punt Returns Put Tigers By Vikings

By JIM MATHIS
World Sports Writer
BOSSIER CITY — Neville combined its famous punt return talents with a stingy defense to blast past the Airline Vikings, 25-0, in a District 1-AAA encounter here Friday night.

A slow drizzle that dampened the field before the game got underway kept the crowd down

and only about 3,000 fans saw the Tigers take their second league victory, Neville now stands 2-1 in loop action.

The difference in the contest was definitely Neville's breakaway ability on punt returns. Neither showed much on offense and Neville speed merchant Mark Hansen came up with the biggest plays.

The Tigers finished the game with just four first downs while Airline had two. Neville rushed for a total of 66 yards and held the Vikings to 29.

The Tiger defense stopped highly touted Erick Kilpatrick of Airline cold. Kilpatrick, who had been gaining at least 100

yards in each of his previous games, was held to 29 yards. It was Hansen who also provided the only tally of the first half. Hansen's score came on a 51 yard bomb from quarterback Bill McSherry.

The tally occurred with just 1:20 left in the opening half. Mike Weaver missed with the kick for the PAT.

The opening stanzas became an exchange of fumbles between the two squads with the pigskin slippery and both defenses hitting hard. Airline fumbled and Neville recovered. Then Neville fumbled and Airline recovered.

And then, on the next series of downs, the process began all over again as the Vikings dropped the ball to the Tigers, who promptly fumbled it back to their hosts.

Hansen put on his show after the half and his efforts proved to be the turning point of the game.

After exchanging punts without any spectaculars, Airline kicked from its 43 yard line. Halfback Keith Moncrief caught the ball and handed off to Hansen who swept down the sidelines to the Viking 20 yard line. His jump covered 60 yards.

Neville got a first and goal at Airline's seven. After three plays moved the ball only three

yards, McSherry jumped in the air and shot a basketball pass to end Mike Kilcoyne in the end zone.

Waver missed the PAT again and Neville led 12-0 with 4:40 left in the third period.

After the Tigers kicked off, Kilpatrick tried an end seep. He fumbled after he was hit by several Tigers and Neville's Doug Hickman picked up the ball and scooted 40 yards to the end zone for a tally.

The score came with 4:06 left in the third and Weaver's PAT try failed.

On the last play of the third period, Airline punted to the Tigers. Hansen received the ball, faked a handoff to Moncrief and rambled 59 yards to the Airline four.

Again, it took the Tigers every chance they had to get the score. With fourth and one fullback Bobby Tippit plunged over for the touchdown.

Weaver tacked on the extra point with 10:43 left in the game and that was the last of the scoring.

Neville Airline 0 6 12 7-25

N-Mark Hansen 51 yd. pass from Bill McSherry (kick failed)

N-Mike Kilcoyne 4 yd. pass from McSherry (kick failed)

N-Doug Hickman 40 yd. fumble re. turn (kick failed)

N-Bobby Tippit 1 yd. run (Mike Weaver kick)

Tech's First Home Game Set Tonight

By STUART HILL
World Sports Writer

RUSTON — Those unfortunate fans who haven't had a chance to see Louisiana Tech perform this season get a rare opportunity tonight as the Bulldogs host McNeese in one of only two scheduled home games.

It's a return home for the Bulldogs, who have lost their two opening games to major opposition and a chance for McNeese, with its youthful club, to prove that it can make sounds in the Gulf States Conference.

The tilt is the opening GSC fray for both Tech, still scoreless, and McNeese, 1-1 in non-league contests.

One sour note is sounded from the Tech machine-football camp

another test for the Tech defense, which has done well against major opposition such as the University of Southern Mississippi, which topped Tech 14-0, and defending national champion Alabama, a 34-0 victor over Coach Joe Aillet's squad.

The Cowboys will be counting heavily on the running ability of freshman tailback Larry Watley, a 166 pound slicker who is leading the Poke ground attack with 118 yards on 26 carries.

While McNeese has mustered 355 yards rushing in two outings, Tech has been held to a minus status in the rushing department. However, the Tech passing game, under the direction of sophomore Phil Robertson, has shown signs of breaking into dangerous form — even in two losing efforts.

Also with Tech back in its own league, chances are that the Bulldog rushing game, with such performers as halfback Robert Brunet, fullback Tom Linder and flanker Jim Jones, will break into its own.

The Cowboys are expected to find the Tech defense difficult to penetrate. Ends Speedy Campbell and Ronnie Brown, tackles Gray and Jim Towns, nose guard Mike Mowad, linebackers Bob McKinnon and Joe Peace, cornerbacks Tom Croft and Bill Jones and safety Alden Reeves are all tested under fire from some of the nation's best.

Last year McNeese caught Tech off guard following a 14-0 letdown administered by Rice and tacked on a 20-14 loss. It was the second win in as many years for the Cowboys over the Techs.

Tech, however, leads the series 11-3.

Coach Jim Clark, in his first year with the Lake Charles-based college hopes to make another breakthrough toward putting the rivalry results on a more even keel.

A sellout crowd of around 10,000 is expected for the game beginning at 7:30 p.m.

The game is expected to be

the loss of end Maurice Greer, due to a broken wrist suffered in practice Wednesday.

McNeese, which will start four freshmen on offense, two in the backfield and two in the line, emerged from its 21-7 win over Pensacola Navy last week without physical injuries.

The game is expected to be

Byrd Blasts West Monroe With 2nd Half Explosion

By BUTCH MUIR
World Sports Writer

SHREVEPORT — Byrd scored two touchdowns in each the second and third periods and its defense sparked throughout as the Jackets blanked West Monroe, 25-0, in a 1-AAA contest at State Fair Stadium here Friday night.

Playing on a slippery turf following afternoon thundershowers which ended just before kickoff, J. D. Cox' Jackets chalked up their third straight victory and evened their district slate at 1-1. Byrd opened the season with a 26-7 loop loss to Ruston.

It was the second straight league loss for Coach Walter Brister's Rebs, who opened district action with a 16-12 defeat by Airline last week, and their overall mark plummeted to 1-3.

Quarterback David Brookings and fullback Bill Overdyke sparked the Yellow Jackets.

Brookings, who ended the night with 135 yards through the air,

tossed for two touchdowns and Overdyke went over for the other two.

After West Monroe held off an opening game drive by the Jackets with a fumble recovery at its own 25, the two clubs settled down to a defensive battle until Byrd broke the scoring ice with 2:46 remaining in the half.

The score, coming on a one-yard plunge by Overdyke, ended an 82-yard, 13-play march which was aided by a 15-yard Rebel penalty. Byrd kicker Stanley Smith missed his first extra point in 10 tries this season following the TD.

West Monroe took the ensuing kickoff and after three plays still needed three yards. Punter-quarterback-tailback Downey Barker tried to pick up the first down by faking a punt but was nailed after only a one-yard gain at his 33 and Byrd took over.

Brookings then went to work. Following two missed passes, he

Bama Puts Bid In Gear Against Ole Miss Rebs

By RON SPEER
Associated Press Sports Writer

Alabama throws its title-bidding attack into overdrive Saturday night in an attempt to clear what could be the Crimson Tide's biggest barrier in a try for a third straight national football crown.

Coach Paul (Bear) Bryant's team battles unbeaten Mississippi at Jackson in one of the key games in the 1966 Southeastern Conference campaign.

The collision with Ole Miss and an Oct. 15 trip to Tennessee are the Tide's toughest tasks this fall, and Mississippi would like nothing better than to score its first victory in 56 years over Alabama.

The Tide is third-ranked nationally although still untested after a 34-0 conquest of Louisiana Tech. Mississippi has blanked Memphis State and Kentucky to bolster its claim for the best defense in the league.

While the two longtime SEC powers are scrapping, Florida will try to stay in the front of the league race against Vanderbilt.

Auburn travels to Kentucky in

Unbeaten Teams On TV Menu

LOS ANGELES (AP) — High-scoring, unbeaten UCLA and undefeated Missouri, each capable of explosive football, meet in a nationally televised intercollegiate engagement billed as the college Game of the Week Saturday.

A turnout of 35,000 is expected for the 1:30 P.M. kickoff in Memorial Coliseum, with ABC bringing it to the nation's viewers.

UCLA quarterback sensation Gary Beban, and the Bruins have had national exposure since they upset mighty Michigan State in the Rose Bowl last New Year's Day.

The contest is a renewal of the 14-14 tie these same teams, strong championship contenders in their respective Big Eight and Pacific 8 conferences, fought last year at Columbia.

Coach Dan Devine's Tigers may well be handicapped by absentee injured players, notably fullback Barry Lischner and guard Jim Wilsey.

There is also doubt about the rediness of another starter, halfback Charlie Brown. All three were hurt in last week's game at Illinois.

Mizzou to date has beaten two Big Ten teams, Minnesota, 24-0, and Illinois, 21-14. Against the Illini, Tiger halfback Jim Whitaker swiped an enemy pass and raced 60 yards for the winning touchdown with three minutes remaining.

UCLA administered lopsided defeats to Pittsburgh 57-14, and last week disposed of Syracuse, 31-12, at Syracuse. UCLA got its 31 points before the Orangemen could score.

Beban and halfback Mel Farr, to name at least two, have taken up where they left off in the Rose Bowl. And a newcomer, Harold Busby, an end and track sprinter of 9.4 speed, has joined the roll.

Beban has connected on 15 of 23 pass attempts for 278 yards and two touchdowns and personally run for two.

the only other conference game this week. Unbeaten Georgia plays at South Carolina, Louisiana State tests Fred Haynes at quarterback against visiting Miami, Tennessee hosts Rice and Mississippi State hopes to snap an eight-game losing streak against invading Richmond, which has lost its last 16 games.

Tennessee's battle with Rice could be a good test of the proud Volunteers' title hopes this fall.

Rice upended Louisiana State 17-15 last week and the Owls are out to give Coach Jess Neely a fine season as he bows out. Sophomore quarterback Robby Shelton led the late surge which toppled LSU.

The Volunteers will rely again on the passing of quarterback Dewey Warren, who guided Tennessee to a 28-0 conquest of Auburn last week.

Auburn, plagued by inexperience, is the underdog again this week against Kentucky, which whipped North Carolina before bowing to Ole Miss.

Vanderbilt, crushed 42-0 by Georgia Tech last week, is probably in for another drubbing, with Florida hoping to parlay its passing attack and an accommodating schedule into the SEC title. The trip to Nashville marks the first and last time Florida quarterback Steve Spurrier of Johnson City, Tenn., will play as a collegian in his home state.

Phils Top Dodgers With White, Short

PHILADELPHIA (AP) — Bill White's three-run homer and the seven-hit pitching of Chris Short helped Philadelphia to a 5-3 victory over the National League-leading Los Angeles Dodgers Friday night.

The Dodgers' magic number for their second straight pennant remained at two as a result of the defeat in this first of a three game series with the Phillies, and the rainout at Pittsburgh of the game between the second-place Pirates and the third-place San Francisco Giants.

The Dodgers trailed 2-1 in the seventh and had a chance to in and clinch at least a tie for the

1964 Goldwater Backers Put Nearly \$70,000 Into 8 Dixie States For GOP

WASHINGTON (AP) — Sporting a new name, an organization that played a key role in Barry Goldwater's 1964 bid for the presidency has sent nearly \$70,000 into eight Southern states to aid Republican efforts.

Reports filed with the clerk of the House of Representatives show that the Citizens Committee for Conservatives, until earlier this year known as Citizens for Goldwater-Miller, has placed upward of \$120,000 this year into 41 GOP gubernatorial and congressional races across the country.

More than half the total went into eight Southern states — Georgia, Alabama, Florida, Mississippi, Arkansas, North Carolina, South Carolina and Louisiana.

The committee made seven \$5,000 contributions to the campaigns of individual candidates, sent \$5,000 to three political committees and \$4,000 to another, made a dozen \$2,500 contributions to candidates, two \$2,000 contributions, one \$1,500 contribution and 22 of \$1,000.

The group sent the most — \$18,000 — to Alabama. This included a \$5,000 contribution to the campaign of Birmingham attorney John Grenier, former executive director of the Republican National Committee who is running for the Senate seat held by Democrat John J. Sparkman.

Grenier was Goldwater's Southern manager-strategist in the 1964 election. The GOP presidential ticket carried six states — five of them in the South.

Republican congressional candidates Donald P. Lukens of Ohio and Newton Steers of Maryland received \$2,500 each. In New York, GOP congressional contender John R. Pillion received \$2,000 and GOP congressional nominee Henry E. Del Rosso received \$1,000.

Other Republican candidates whose campaign organizations were listed as receiving \$5,000 contributions from the committee were:

Florida gubernatorial nominee Claude R. Kirk Jr., New Mexico Senate nominee Anderson Carter, Idaho gubernatorial nominee Don Samuelson and Montana Senate nominee Tim Babcock.

The Better Government Committee and the Goparty Campaign Committee, both of Columbia, S.C., and the Committee for a two-party Mississippi, Jackson, Miss., each received \$5,000. The Louisiana Committee for a Two-Party System, Shreveport, received \$4,000.

Printed Pattern 9082: Misses' sizes 10, 12, 14, 16, 18. Size 14 takes 2 3/4 yds. 39-in.

FIFTY CENTS in coins for each pattern — add 15 cents for bag and special handling. Send each pattern for first-class mail to Marian Martin, c/o News-Star, 89.

PICKLED FRANKS

Pickled franks in buns are heated in sauce for easy picnic preparation on the spot. Slice 1 small onion and saute it in 1 tablespoon of salad oil until lightly browned. Drain and slice one 1/4-ounce can of frankfurters and add them to skillet. Add 1/2 cup each of sliced sweet pickles and bottled barbecue sauce, and 1 tablespoon of sweet pickle liquid. Cover and heat well. Serve on 8 hamburger buns split and toasted.

Reaping Life's Meaning

By MYRT BAUDOIN

How many of us are guilty of going through life alive, but not living? The 'Art of Living' is one easily accomplished, but there are among us some who, for fear of life itself, never learn that today, once lost, can never be regained.

The thought, 'I'm glad to be alive', is a wonderful beginning for each day, but only when it's our wish. The joys of youth easily escape those who are not fully aware that age is an insignificant factor in the beauty of living.

Enchantment and tranquility have no monetary values, but are created with little effort to be as lasting as one desires. Impossible for every hour of each day to be as we wish it, life has its dark moments, as all clouds do not have silver linings, but the brighter ones are usually numbered by ourselves.

To put-off until tomorrow that which should be done today is a

good beginning in destroying a vital segment of the living art. Apprehension of the future, dwelling over the past and not enough caring about today obliterates much of life's meaning. Only a minute personal spark is needed for producing a glowing flame of warmth and happiness.

An integral part of life is lost by not seeking unrelentingly for all it has to offer. Miracles performed by expanding the ruling components, love, optimism and contentment, reach out and touch those who blindly seek that which they have never known. Being generous with the many qualities He bestowed upon us enables others to understand that in this vibrant world of living there is much to be attained by remembering 'Life is only what we make it.' Applying this basic knowledge the primary steps are learned, and with ease we master the 'Art of Living'.

Kappa Kappa Iota Initiates New Year At Dinner Meeting

A new year was initiated by Delta Conclave of Kappa Kappa Iota, educational sorority, with a dinner meeting at the Paragon Club on Tuesday, September 27, at 7 p.m. A colorful arrangement of fall chrysanthemums decorated the head table.

Members renewed old friendships and exchanged accounts of happenings in the past summer, prior to the business meeting, presided over by Mrs. H. Austin Miller. Mrs. W. D. McGee was elected representative to the state nominating committee. It was voted to place several persons in nomination for state offices, including Mrs. A. D. Tisdale of Delta Conclave for the office of second vice-president. Mrs. Tisdale then reported on the work of the state committee on revising the constitution.

Following the business meeting Mrs. Jack Willis recognized and presented gifts of appreciation to the following members who have retired from teaching during the past years: Miss Katherine Averitt, Mrs. G. E. Boggs, Mrs. Lee Buatt, Mrs. Carter Cozine, Mrs. Warren McGee, Mrs. F. J. Ortiz, and Mrs. A. D. Tisdale.

Besides the retirees, other members present were Mrs. Z. J. Byrd, Mrs. Bobby Deal, Miss Kathryn Douciere, Miss Hermione Driskell, Miss Nina Sue Harris, Mrs. W. D. McGee, Mrs. H. Austin Miller, Miss Marie Minard, Mrs. Curtis Newsom, Mrs. Glover Poole, Mrs. James N. Riddle, Mrs. W. H. Steen Jr., Mrs. H. H. Walters, Mrs. Vaughn Watson, Mrs. Jack Willis, Mrs. J. L. Womack, Mrs. Warrington Wright, and Mrs. Bruce Thompson, guest.

3 tbsp. sharp cheddar cheese, grated
1-3 to 1/2 cup lemon juice
Mix all ingredients together in bowl and blend until smooth. The consistency of the dip can be controlled by the amount of lemon juice used. Chill thoroughly and serve with potato chips.

The World For WOMEN

MONROE MORNING WORLD, Saturday, October 1, 1966 — 1-B

Jete à Jete

HIGH SCHOOL teenage program is being initiated at Bayou DeSiard Country Club tonight at 8 p.m. with the opening of the 'Teenage Room.' Music for dancing rendered by a combo will be the featured entertainment for the teenage children of club members.

□ □ □

AMONG THE out-of-town friends and relatives of Mrs. Bess Burns arriving today for the reception planned by Lexington Parent-Teacher Association in honor of her retirement and Miss Rosa Belle McDonald, at 3 p.m. this afternoon at Bayou DeSiard Country Club are Mr. and Mrs. Larry Hunter, Miss Helen Woodard, Miss Susanna Schoenbrodt and Miss Eve Grace Sutton, all of Minden; Dr. and Mrs. F. D. Henry of Hope, Arkansas; Mr. and Mrs. Roger Dew of Little Rock, Arkansas; Mr. and Mrs. Don Calhoun and Mr. and Mrs. Joe Hamilton of Downsville.

□ □ □

JETTING TO New York for two weeks of sight-seeing are the plans of Mr. and Mrs. George Rape and son, Curtis of 104 Fairfield, West Monroe. The tourists will leave tomorrow and their plans include attending a number of Broadway shows including "Mame," "Funny Girl" and "Hello Dolly," as well as several of the most well-known television shows.

□ □ □

MR. AND MRS. WILLIS E. WATSON, 1407 South 12 St., Monroe, announce the birth of their second child and first daughter, Jill Lynne, Thursday, September 29. Maternal grandparents are Mr. and Mrs. Levi Pruitt of Jones, and paternal grandmother is Mrs. Viola Watson of Watson. Eagerly anticipating the arrival home of his little sister is Kevin Watson, who has wonderful visions of a new 'playmate.'

□ □ □

CABLEGRAM RECEIVED by Mrs. J. E. Griffin, 201 Erin revealed the wonderful news that she has a new granddaughter born on Wednesday, September 28. The elated parents are Mr. and Mrs. Wilfred E. Ellis of Maracaibo, Venezuela and they have chosen the name, Jere' Lynn for their second daughter and fourth child. Eagerly awaiting the arrival of their little sister at their new home, just recently completed, are Terri, 16, Robert, 6, and John Griffin, 1 1/2 years old.

Program Outlined For Assisting Underprivileged

Hostesses for the Woman's Department Club which held its regular meeting Tuesday night at seven were Mrs. Robert S. Crouch Jr. and Mrs. T. M. Lester.

Guest speaker, Mrs. Ervin Castleman advised the group on the procedure of organizing a community Christmas program entitled, "Birthday Party for Jesus". All churches will be invited to participate and admission will be donations of food, fruit and toys to be used in filling Christmas boxes for the underprivileged.

Two members, Mrs. C. L. Smith and Mrs. Chester Malone are attending a District Workshop being held in Monroe today, October 1.

Meeting adjourned until October 25.

ANCHOVY DILLY DIP

1 8 oz. pkg. cream cheese (softened)
1 tbsp. anchovy paste
1 tbsp. chopped green onion tops
1 tbsp. chopped fresh dill weed
2 tbsp. chopped stuffed green olives
1 tsp. fresh lemon juice
1/4 tsp. Worcestershire sauce
1 tbsp. milk
Place all the ingredients in a mixing bowl and beat at medium speed until light and fluffy. Chill until ready to serve. Makes 2 cups. Serve with potato chips.

CARIBBEAN FLAVOR
Lime peel and juice lend a Caribbean flavor to this low-calorie seafood salad. In a bowl, mix 1/2 cup of catsup with 1/4 teaspoon each of Worcestershire sauce and grated lime peel, 1/4 teaspoon of salt, 1/4 cup of lime juice and 2 tablespoons of dry white wine optional — substitute equal amount of lime juice if desired. Add 2 6 1/2-ounce cans of solid pack tuna, drained and 3/4 pound of cooked cleaned shrimp. Mix well. Chill. Serve in lettuce cups with lime wedge garnish. Serves 6 to 8.

SANDWICH MIX

A mixture of butter, grated cheddar cheese and chili sauce makes a delicious mixture for open sandwiches that are to be broiled.

Dr. Alton Irwin Special Guest At Twins Club

Monthly meeting of the Twin City Twins Club was conducted on Tuesday, at Southern Bell Service Center on Tower Drive.

Dr. Alton Irwin, pediatrician, presented an informative discussion on "Birth Defects."

Stockton of Dallas

LOW-BELTED SKIMMER

10.00

For easy living... our Dacron polyester and cotton poplin skimmer has roll sleeves, round collar and hip-hugging belt. Buttons down to the low slung waist. Blue or Red with white contrast stitching, sizes 8 to 16.

THE FLAVOR IS PARIS, the color 'Vanilla' for Phillippe Venet's reversible wool coat. The little girl shape is emphasized by smock buttoning and cuffs caught into a curvy wristband lending the effect of the slightly full sleeves so fashionable today. Matching head hugging turban puts the height of being the best dressed for the cold days ahead.

Boldness Is Quality To Keep In Mind If Buying Fall Coat

By FLORENCE DE SANTIS

Let's forget, for this moment, the pop-art, op-art, miniskirt school of fashion. Let's talk, instead, about fashion as most women want it and live with it. What are the best choices for fall?

Certainly, there's no excitement in dresses. The shift, whether loose, smock - style, A-line or skimmer, is still just about all there is to say in this field.

So where's the action? Right where it has been for several seasons, in coats. The all-purpose coat is dead, as it really always was, but now it's a lot deader. To wear a "Good Black Coat" is the kiss of death in fashion.

In just what does the coat excitement reside? Not really very much in silhouette. The coat is

Hints From Heloise

Wanted: A Washer That Does All The Little Chores

By HELOISE CRUSE

LETTER OF LAUGHTER

Dear Heloise:
Where can I get a washer like they use in the detergent commercials on television — you know, the kind the clothes come out dry, ironed, and folded, ready to put away???

Helen S.

Dear Heloise:

Every trip we took in the car meant an unhappy youngster. The seat belt insured safety, but she couldn't see out the window.

I decided to make her training chair do double duty. I put it on the car seat and added a small pillow for comfort.

The chair is low enough that the seat belt can be fastened around it and HER securely, but high enough that she can see.

I also use a stroller strap as an extra precaution to keep her in her chair.

Many of these chairs have removable trays that can be used for toys or games while traveling.

Now she is always ready to go riding.

Mrs. B.

Listen, gals:

I discovered something real tricky. When you bake a pie, cut the leftover scraps of crust into narrow strips about two or three inches long.

Any way, shape or fashion makes no difference. In fact, the crazier they are cut, the cuter they become at your party!

Tie a knot in these strips and literally throw them on your foil lined pie tin.

Sprinkle them with garlic salt, onion salt, parmesan cheese, or just anything you can think of to make them different. Don't forget to put sugar on some of them and plain salt on others.

The cutest thing I found was to sprinkle paprika on them. I found it made no difference in the taste, but it sure gives individual color.

Then bake 'em.

Heloise

Dear Heloise:

I used the left over pieces of my kitchen wall paper to line the cupboards and drawers.

I bought some clear, corrugated plastic (it comes by the package or by the yard), cut it to fit and put it over the wallpaper on the shelves and in the drawers.

This protects the paper, and I just wipe the plastic clean, and . . . remove, wash, rinse, dry and replace.

The wallpaper is decorative showing through the clear plastic, and the plastic is a breeze to keep clean.

Mrs. Jeffcoat

Dear Heloise:

For years I have been clipping buttons from garments before they go into the rag bag, and stringing each kind separately.

Recently, I found that those paper - covered wire twisters (used on so many packages today) are wonderful for this.

The buttons string on so easily, and when finished you just bend the ends of the wire over. Then if you want only one button, just open that wire. No untieing and losing buttons, or restringing them.

Gladys

Dear Heloise:

I have found that clean, em-

plaid, in brown or green with white.

Frequently, plaid coats this fall come with a coordinated dress. Brand — Puritz does a two-color black plaid with collar and lapels faced in the white wool which matches the simple shift dress. This kind of coat costume makes an excellent basis for a fall wardrobe. The fashion trick is to coordinate any other dresses bought.

BRIGHT SOLIDS

In solid - color coats the word is definitely bright. Many a coat which once automatically came in black now comes in a range of colors which doesn't even include black.

Brittany has a whipcord coat with a side closing, double-breasted to look like a fencer's jacket. Buttons and collar are white. The coat can be had in lavender, green, gray, gold, plum or blue. The gray is the nearest thing to an old-fashioned "basic" color. Newest of the shades are lavender and plum.

Whatever silhouette is chosen for the coat, attention should be paid to hemline length. The longest any coat should be this fall is just over the kneecap. The dress beneath should be a half-inch shorter. If you're wearing dresses with even higher hemlines, then the coat should be shortened too.

Some coats, of course, are worn shorter than the dresses beneath. These are costumes meant to give a suit look. The dress will then be kneecap length, while the coat will be about two inches higher.

Dear Abby

Let Dear Old Dad Present Problem, If There Is One

By Abigail Van Buren

DEAR ABBY: Our boys are 12 and 14, and I have been after my husband for nearly two years to tell them the facts of life. He says his father never told him anything. All he knows he picked up from his friends and he turned out O. K. Could my husband be right? MOM

DEAR MOM: Possibly. It's all right for kids to learn the facts of life from other kids, as long as the other kids didn't pick them out of the gutter. Tell hubby by either to provide the boys with some good books on the subject or offer to answer any and all questions. And he had better hurry, or it will be like giving a fish a bath.

DEAR ABBY: Five years ago my mother passed away and dad was left alone and heart-broken at 63. Two years later he married a 58-year-old widow. He told us that he was marrying Celia for "companionship" — that nobody could ever take mamma's place. Well, here is a sample of the "companionship" he has had so far:

In the winter, instead of accompanying dad to P a i m Springs, Celia goes to Chicago so her daughter can go to Florida for two months with her husband. In the summer, Celia goes to

Duluth, Minn., with another daughter who stays up there for the hay fever season.

When Celia is home with dad, she plays cards with the "girls" at least three days a week.

Dad is retired and has nothing to do, but he's too sweet to complain. Is this your idea of "companionship"? Any suggestions will be appreciated.

HIS CONCERNED DAUGHTER

DEAR DAUGHTER: For all I know, your father and Celia may be seeing as much of each other as they wish. If your father isn't happy with what he bought, tell him to write to me.

DEAR ABBY: Is it ever proper, when in the company of a woman to ask, "Are they real?" To use an old phrase, "It's fun to be fooled, but it's more fun to know."

LIKES FUN

DEAR ABBY: Pearls, yes. Everything else, no!

DEAR ABBY: Can you tell me in simple language how psychiatry helps a person? Far as I can see it only opens old wounds and makes matters worse. MAN OF FEW WORDS

DEAR MAN: Life is full of disappointments, personality conflicts, heartaches and frustrations, which call for one adjustment after another. People differ in their ability to adjust. By allowing troubled ones to discuss their emotions frankly, the reasons for their insecurity, guilt, frustrations and hostilities come to light and are frequently minimized. Sometimes just knowing that others have experienced the same emotions can bring blessed relief.

Troubled? Write to Abby, c/o News-Star - World. For a personal reply, inclose a stamped, self-addressed envelope.

Miss Jane Teer

Of Delhi Feted At Bridal Event

Mrs. Joel Wilson and Mrs. Frank McKay entertained at a pre-nuptial luncheon honoring Miss Jane Teer of Delhi, Saturday. Miss Teer is the fiancée of John Ellett.

The bridal party was held at the Beechwood Restaurant in Vicksburg, Miss., with guests seated at a table decorative with an arrangement of white chrysanthemums and caladium leaves. The honoree and her mother, Mrs. Lorenz Teer, were presented white carnation corsages by the hostesses. They also gifted Miss Teer with sterling in her chosen pattern.

Guests attending were Mrs. Joe Kyle, Mrs. S. A. Mayes, Mrs. Bobby Newman, Mrs. Sheldon Teer and Miss Annette Teer.

Twin City - Area Deaths

Mrs. R. L. Golson

Funeral services for Mrs. R. L. Golson, 85, of Rt. 1, West Monroe, will be at 10:30 a.m. today at Antioch Methodist Church near Eros with the Rev. Jimmy Pyles officiating, assisted by Dr. D. L. O'Neal and the Rev. Rod Taylor.

Burial will be in the church cemetery by Kilpatrick Funeral Home of West Monroe.

Mrs. Golson, a lifelong resident of Ouachita Parish and a native of Cadeville Community, died at her home Thursday night after a short illness. She was a former school teacher in the parish.

Survivors include a son, J. P. Golson of West Monroe; a daughter, Mrs. H. J. Hunter of Monroe; two sisters, Mrs. R. F. Jones of West Monroe and Mrs. Reese Camp of Calhoun; and two grandchildren.

Pallbearers will be W. B. Nelson, Jimmy Greer, Percy Ford, Tom Golson, H. V. Parsons, Jack Kemp and Gene Greer.

Mrs. N. R. Averitte

Funeral services for Mrs. N. R. (Mary) Averitte, 89, will be at 2 p.m. today at Auld Chapel Church with the Rev. Richard Moore officiating.

Burial will be in Auld's Chapel Cemetery under the direction of Kilpatrick Funeral Home of West Monroe.

Mrs. Averitte, a resident of Ouachita Parish for the past 75 years, died at Georgia Street Nursing Home Thursday night after a short illness.

Survivors include a brother, B. O. Avant of Downsville; two sisters, Mrs. Minnie Bullock of Delhi and Mrs. Pearl Malone of Monroe; and three stepdaughters, Mrs. Deria Turner and Mrs. Eula Tabb, both of Calhoun, and Mrs. Ellis Raines of Slocum, Tex.

Pallbearers will be Henry A. Malone, James and Lester Avant, Hans and Joe Bullock, and Martin Turner.

W. C. Coggins Sr.

MARION (Special) — Funeral services for W. C. Coggins Sr., 90, of Marion, will be held at 10 a.m. today at Kilpatrick Chapel, Farmerville.

Mr. Coggins died Friday morning at Wadlington Clinic, Farmerville.

Burial will be in Liberty Hill Cemetery near Farmerville under direction of Kilpatrick Funeral Home of Farmerville.

Survivors include one son, W. C. Coggins Jr., of Monroe, and three grandchildren.

Mrs. Ada Danley

OAK GROVE (Special) — Mrs. Ada P. Danley, 57, of the Beulah Community near here, died early Friday in the West Carroll Hospital after a long illness.

Funeral services will be today at 2 p.m. at Kidder-Cox chapel with the Rev. Carl Tubbs and the Rev. R. V. Kinney officiating. Burial will be in Oak Grove Cemetery.

Survivors include her husband, Tom Danley five sons, Jack and Tommy H. Danley, both of Oak Grove; Paul Danley, Strong, Ark.; Sgt. Huey P. Danley, Viet Nam; Donald R. Boutwell, Oak Grove; four daughters, Mrs. Lillian Cawthon, El Dorado, Ark.; Mrs. Estelle Johnson, Strong, Ark.; Mrs. Billye D. Tucker, Huttig, Ark.; Mrs. Jammie D. Scott, Wisner a brother, W. D. Plunk, West Monroe; a sister, Mrs. Charles Cook, Kilbourne; 28 grandchildren and 17 great-grandchildren.

Pallbearers will be Thomas Calhoun, Bob Calhoun, Bluford Danley, Harry Danley, Travis Womack and Bobby Brasher.

Arlie W. Nall

BASTROP (Special) — Funeral for Arlie Warren Nall, 61, of Rt. 4, Bastrop, who died Thursday at Garnier Clinic here after a short illness, will be 2 p.m. Monday at First National Funeral Home with the Rev. Walter Braswell officiating.

Burial will be in Causey Cemetery on the Hamburg Road. Mr. Nall was a native of Illinois, and had lived here for the past three years after moving from Arkansas.

Survivors include his widow, Virginia Nall; three sons, Lawrence Nall, California; Allen Nall, Utah; Clinton Nall, Spain; a daughter, Mrs. T. C. (Juanita) Jane, California; a brother, J. C. Nall, Bastrop; a sister, Mrs. Bill Hoffman, Vandalia, Ill.

Pallbearers will be E. Caruth, R. Carpenter, C. C. McVay, James Simms, E. L. Tomlinson and Leon Gee.

Caswell T. Johnson

Caswell Taylor Johnson, 71, of 412 South Riverfront Street, West Monroe, died unexpectedly Friday afternoon at Glenwood Hospital.

Funeral services will be held Sunday afternoon at 3 p.m. at Mulhearn Funeral Home of West Monroe with the Rev. Kenneth McDowell officiating. Interment will be in Riverview Park Cemetery in Monroe.

Mr. Johnson, a native of Ashley County, Ark., was a veteran

TWO RAILROAD MEN and a tank truck driver escaped a flaming death in Lake Charles, La., Friday when this diesel engine sliced a fuel tank truck

in half. Flames engulfed the truck and switch engine and caused an estimated \$300,000 damages. No one was injured. (AP Wirephoto)

Earl Long's Widow Backs 2-Term Bid

of World War I and had been a resident of West Monroe since 1919. He was a retired salesman for Motor Supply Company and was a member of the Ouachita Unit of the Louisiana Wildlife Federation.

Survivors include his wife, Mrs. Mamie Johnson, West Monroe, and one brother, H. Y. Johnson, West Monroe. The family has requested any memorials be in the form of contributions to a charity.

Clarence C. Cook

RAYVILLE (Special) — Clarence C. Cook, 55, of Rayville, died late Friday in St. Francis Hospital in Monroe after injuries suffered in a July accident in which he received extensive burns.

Funeral services will be at 4 p.m. today at Zebedee Baptist Church near here. Burial will be in the church cemetery under the direction of Mulhearn Funeral Home in Rayville.

Survivors include his widow, Mrs. Cassie R. Cook, Rayville; a step-son, Robert Charles Moore, Houma; a daughter, Mrs. Carolyn Sanford, Rayville, a brother, Henry Cook Jr., Rayville; three sisters, Mrs. Ruth Lambert and Miss Virginia Cook, both of Rayville, and Mrs. Julia Adcock, Alexandria.

BATON ROUGE (AP) — Mrs. Blanche R. Long, widow of the late Gov. Earl K. Long, said Friday she feels any governor should be allowed to seek a second straight term.

In an interview, Mrs. Long said, "I've always felt a governor should be allowed to serve a second term. He gets more popular support this way."

She said Gov. McKeithen has built up a good image, and "most people I talk with seem to approve what he is doing."

The Long family split, somewhat, when the U.S. senator backed Gillis Long for governor in 1963. Relations between McKeithen and the senator have been amicable since.

Mrs. Long, a backer of McKeithen, serves in his administration as a member of the influential Louisiana Tax Commission.

Sen. Huey P. Long, for some time has said publicly he believes any governor should be given a chance to seek a second term.

In an interview, Mrs. Long said, "I've always felt a governor should be allowed to serve a second term. He gets more popular support this way."

She said Gov. McKeithen has built up a good image, and "most people I talk with seem to approve what he is doing."

The Long family split, somewhat, when the U.S. senator backed Gillis Long for governor in 1963. Relations between McKeithen and the senator have been amicable since.

Mrs. Long, a backer of McKeithen, serves in his administration as a member of the influential Louisiana Tax Commission.

Ten More Governors Listen To LBJ Appeal Spending Cut

WASHINGTON (AP) — Ten more governors heard President Johnson appeal Friday for reduced public spending, and New York's Gov. Nelson A. Rockefeller said he told the President: "I know all of us want to cooperate with you."

Gov. Paul B. Johnson, Mississippi Democrat, was silent in the presence of newsmen but the other state chief executives indicated willingness to try to do some economizing at state levels.

Republican Rockefeller said he thought New York will be able to defer about \$80 million in bond issues and he said this is a figure comparable to the \$3 billion which Johnson is seeking to curtail in federal spending.

Johnson, in reply to a question, said "yes, I think we are all concerned" at the possibility that reductions in government pending could result in a recession.

This was the third such session Johnson has had with groups of state governors to discuss his economic stabilization efforts. The first was held a week ago; the second Thursday.

Again Friday, the chief executive invited the state chief executives to lunch and then took them to the Cabine Room, seated them around a big table and invited reporters in to ask questions.

22 CHILDREN RESCUED

HONG KONG (UPI) — Search parties Friday rescued 22 deaf mute children, who had wandered on Hong Kong's highest mountain all night after becoming lost during a picnic Thursday. Several of the children were suffering from exhaustion, but authorities said none appeared in serious condition.

In addition to covering the economic situation and "the need for restraint," Johnson said he discussed the crime problem, Viet Nam and the forthcoming seven-nation conference in the Philippines of countries which have men in South Viet Nam.

As far Viet Nam, Johnson said he told the governors, "I thought the situation had improved there from the military viewpoint and from the pacification viewpoint and things are getting better every day."

He said he had nothing sensational to pass along as to his talk with the governors. One of them, Republican Nils A. Boe of South Dakota, said he shares Johnson's concern about trimming spending and controlling inflation. But he said he also is concerned lest a reduction in spending for such things as highways and college buildings hurt efforts to maintain employment this winter in his state.

Other governors who attended the session were Democrats Philip H. Hoff of Vermont, Frank G. Clement of Tennessee, William A. Egan of Alaska, Sam Goddard of Arkansas, Millard J. Tawes of Maryland, Haydon Burns of Florida, and Republi-

can John H. Chafee of Rhode Island.

Republican Gov. William H. Avery of Kansas was invited but could not attend because of engine trouble in the plane which he planned to take from Kansas City.

Dr. Peter J. Steincrohn

Dropped Kidney May Not Cause Trouble

Dear Dr. Steincrohn: I was having pains on my right side. X rays showed that I have a dropped kidney. My doctor told me to wear a girdle. I'm 27, normal weight and height, and have two small boys.

I do heavy work including lifting and have a lot of pain in my back and my right leg. Is there an exercise I can do to help the kidney? What do you think about an operation? — Mrs. C.

Comment: Let's do some suppos in'. Suppose the X rays show that your kidney is normal: no stones, no infection, no twisted tube (ureter) connecting it with the bladder. Suppose your pain is really due to a ruptured disc in your spine.

If these suppositions are correct, then believe your doctor uses good judgment in treating you conservatively: prescribing a girdle to keep you comfortable. If the pain down your leg continues and it is really due to disc trouble, then he will consider other measures later.

As far as your kidney is concerned, I believe (as he seems to) that you can forget about it. Not too many years ago, a dropped kidney (nephroposis) was operated on as soon as discovered. Surgeons would perform a "nephrexy" operation to restore a kidney to its normal position.

But soon they realized that the so-called "normal" varies so much that the operation is unnecessary. Many a dropped kidney is situated within normal limits.

INSECT STINGS

A few days ago, before giving a talk to a fine group of doctors in Asheville, N.C., I fell into conversation with one man in their medical society who is greatly interested in the study of insect bites and stings. His name is Claude A. Frazier, M.D., and he is writing a book on this important subject.

I was especially interested by what he had to say, because I receive hundreds of letters from readers who are concerned about bee stings.

I asked him to send me reprints of articles he had written on the subject, and I received them this morning. Here is a quotation from what he wrote

Fire Marshal Official Will Retire Today

Clarence G. Johnston of St. Joseph, will retire today from the Department of State Fire Marshal, closing 44 years of service in different capacities for the state.

The announcement of Johnston's retirement was made Friday by Milton A. Stire, state fire marshal.

Johnston had been in the fire marshal's office for 25 years in the capacity of chief supervisor of deputy state fire marshals.

He went to work for the state in 1922 as a levee inspector with the Fifth District Levee Board of Commissioners. He was employed there in 1927 and assisted in fighting the disastrous Mississippi River floods that year. Johnston was also employed in flood control when the program was inaugurated to provide efforts to increase the velocity of discharge from the Mississippi River, and assisted in moving the town of Vidalia.

When the Department of Public Works came into existence in 1942 and absorbed the State Board of Engineers, Johnston was transferred to the Department of State Fire Marshal.

Sicily Island

Project Bids Due

SICILY ISLAND (Special) — Bids on five city projects are due by 10 a.m., Oct. 20, to the Mayor and Board of Aldermen, Masonic Lodge Hall, in Sicily Island.

The projects include: Water distribution system elevated storage tank, and a wells project. Bids will be taken separately on these projects. Also, bids will be taken on water office building and fire station renovation.

Plans and specifications may be obtained from the office of Barth and Associates, consulting engineers, 2906 N. State St., Jackson, Miss.

Natural Gas Release Set For Monday

Residents on the eastern edge of Monroe who may hear a loud noise Monday morning need not be alarmed, since the noise will be created by a routine release of natural gas from an area pipeline.

Texas Gas Transmission Corporation will conduct a "blowdown" of its pipeline system on the eastern edge of Monroe be-

tween 8 a.m. and 8:30 a.m. Monday, according to W. O. Davis, superintendent of operations of Texas Gas Transmission corporation's interests in North Louisiana. Davis has offices in Monroe.

"The routine release of natural gas will create a loud noise but will not be reason for alarm among those hearing it," Davis said.

Davis said the gas will be released at valve 4 and 5 on a section of the Bastrop-Eunice 26-inch line.

The purpose of the blowdown, Davis said, is to conduct hydrostatic tests of the section. Gas down to the area will not be interrupted.

If you have a question you want answered, write or call "Mr. Editor, Tell Me, Please" at the Morning World and New-Star. We'll be glad to get the information and pass it on to you each Saturday in this column.

Since coming to Louisiana I have heard persons talk about "sakalait" and the "gaspergou", both some type of fish. Will you please tell me just what these are, or are the names some Louisiana slang?

Neither is slang, but rather sought-after fish in Louisiana, particularly in the southern part of the state. The Sac-a-lait, or White Crappie, is a fresh water game fish, both abundant and highly prized by fishermen. Most northern anglers know this fish as the White Crappie, but it is also known as Chinquapin perch or the Bridge perch. It ranges in eastern North America from the Great Lakes to the Gulf Coast, and has even introduced into far western waters. Records indicate that a size of two and three-quarters pounds is probably the maximum. The Gaspergou, or the fresh-water sheepshead, is also important and valuable among Louisiana fishes. It, too, has a wide range over the continent, extending from the Great Lakes to Texas, in abundance in the larger streams between the Alleghenies and the Great Plains. This fish has been known to attain weight of 60 pounds. A 50-pound fish will usually measure about four feet. Information for this question was obtained from the book "Fishes and Fishing in Louisiana" by Claude 'Grits' Gresham.

Who composes the State Bond and Tax Board and what does it do?

The board is composed of the governor, John J. McKeithen; Secretary of State Wade O. Martin Jr.; Attorney General Jack P. F. Gremillion; State Comptroller Roy R. Theriot; and one other member, who is appointed by the governor and serves at his pleasure. Functions are review and approve or reject plans of political subdivisions of the state to: (1) incur debt, borrow money or issue bonds; (2) order an election submitting any proposal to incur debt, levy a tax or pledge revenues for payment of debt, or issue bonds; and (3) file petition of bankruptcy for readjustments of debts. Incidentally, no member, other than the secretary, receives any compensation for their work.

A long time ago I recall seeing a coin-operated machine in one of the Shreveport dime stores. This machine made copies of papers and receipts. Is there anything similar in Monroe?

You should call some of the printers or office supply stores in the Twin Cities for this.

Can a city levy a garbage service charge for a person living outside the city limits, even if it provides such service?

Yes, according to a recent ruling of the attorney general's office. John R. Hunter Jr., assistant attorney general, has ruled this to be legal. He quoted from a Supreme Court ruling based on the Revised Statutes of the State of Louisiana which reads: "The municipal corporation . . . may sell and distribute the commodity or service of the public utility within or without its corporate limits and may establish rates, rules, and regulations with respect to the sale and distribution." The ruling further read "for the purposes, . . . revenue producing public utility" means any revenue producing business or organization which regularly supplies the public with a commodity or service, including . . . garbage disposal, and other like services."

I was watching a panel quiz show recently and one of the contestants stated he was employed by the Associated Press, which is a non-profit organization. I would like to have you explain why this is a non-profit organization.

The Associated Press is a non-profit organization, since members are assessed "dues" according to the expenses incurred in the gathering and dissemination of the news. The organization works much like a cooperative, which, in effect, it is.

Can canna lilies be divided successfully and transplanted now?

Yes. But be careful not to break the rhizomes, if possible.

Can you tell me the names of the authors of these 15 books of the Old Testament? Joshua, Judges, Ruth, 1st and 2nd Kings, 1st and 2nd Chronicles, Ezra, Nehemiah, Esther, Job, Psalms, Proverbs, Ecclesiastes and Song of Solomon. The authorship of all this material is doubtful at best, but the following quotes Biblical scholars Cartledge,

go out to apply. Then, when the new license is completed — picture processed and put onto the license in Baton Rouge, — it is mailed to the licensee. The picture on the license is made at the time the person applies for the license.

How did Corban Street in Concord, N. C., get its name?

The Concord Chamber of Commerce supplied us with this information: Cabarrus County was formed in 1792. The western part of the county was populated principally by people of Scottish origin, and the eastern part by those with German origin. Both contended for the county seat to be located in their area. After receiving an appeal for harmony from Stephen Cabarrus, for whom the county was named, the factions compromised on a site half-way between the contenders, and with a touch of repentant piety, named it Concord in honor of their own good will. The two main streets of the new town were named Union and Corban, both also putting the seal of amity over the late quarrel. Corban is a Hebrew word meaning "an offering devoted to God." The connotation is clear, but it seems curious that this word was chosen, because no Jews live in Concord.

PLAYBOY BANNED

KUALA LUMPUR, Malaysia (UPI) — Malaysia has banned the latest issue of Playboy magazine because "some of the pictures were very suggestive and very exposed." A Home Affairs Ministry official said the photographs were "prejudicial" to the country's morals.

Don't Let It Happen To YOUR Carrier!

• IT'S DISCOURAGING when a young businessman like your carrier is unable to complete his newspaper route collections because customers are not at home, or ask him to call again. Often it's the same story when he returns!

ALL HE CAN DO is dip into his own pocket and pay for their papers, and forego his profit until he can finally collect from them. Which makes it pretty tough on a teen-ager engaged in his first business venture!

AID AND ENCOURAGE your carrier-boy by having the money ready for each regular collection call. Remember, he gets FULL profit from his route only when he collects from ALL his customers. That's why he appreciates it so much when you pay him promptly!

Pay Him On His FIRST Call

NEWS-STAR-WORLD

THREE AWARDS, including a first place award for a color advertisement which appeared in the Monroe Morning World, have been received by Garland Shell, right, from awards chairman Charles H. Hedrick at the convention of the 10th District Advertising Federation of America. Hedrick, left, also presented Shell with another first place award and a runner-up award Friday at the Houston, Tex., convention. Shell's advertising agency was competing against agencies from Texas, Arkansas, Oklahoma and New Mexico. (AP Wirephoto)

Advertising Agency Here Wins 3 Awards

Two first place awards and a runner-up award were presented Friday to a Monroe advertising agency during the 10th District Advertising Federation of America convention in Houston, Tex.

Garland Shell of Shell Advertising Company, 1025 North 6th Street, Monroe, accepted the awards at an awards luncheon on behalf of Shell Advertising. Shell won the top honors in competition against advertising agencies throughout Texas, Arkansas, Oklahoma and New Mexico.

A color newspaper advertisement for Trend House which appeared in a Sunday issue of the Monroe Morning World was among awards winning first prizes.

Chuck Morgan, president of the Monroe-West Monroe Advertising Club, is also in Houston to attend the convention. The advertising club submitted the advertisements for local agencies.

Shell Advertising also won a first place award for a black-and-white advertisement which appeared in the Wall Street Journal and concerned the industrial potential of the City of Monroe.

Shell's runner-up award was presented for an outdoor poster advertising Howard Griffin Land O' Toys.

Olin Mathieson Chemical Corporation's plant in West Monroe received a first place award for a direct mail campaign which was prepared by Cooley Printers and Lithographers, 403 Hudson Lane, Monroe.

The three-day convention being held at Hotel America in Houston ends today.

Petit Jurors Named Here, Clerk Says

B. S. McRaney, Fourth Judicial Court Clerk, said petit jurors have been named for November and December terms of jury duty.

The jury members will serve during regular criminal term of court for the weeks beginning Monday, Nov. 7, and Monday, Dec. 5, under the supervision of Fred G. Pettit and C. E. Copeland and jury commissioners Paul Ransom, Robert Cowder, H. A. McDonald and W. E. Leigh.

Jury commissioners regularly draw from the general venire box the slips of paper bearing names of jurors who will serve.

Jurors for the week of court beginning Nov. 7 will be Paul Bauer, Milton Breits Witty Jr., J. W. Webster Jr., Isaac Sackman Marx, John R. Speir Jr., Sylvester Q. Breard, John Joseph Mathieu, John H. Birdsong Sr., Henry Biedenhorn Jr., Carmelo Paul Danna, Luther T. Harper, Samuel Rubin Jr. and J. B. Pickens Jr., all of Ward 10.

George E. Austin, Charles F. Laws, Clarence O. Wilson, J. R. Spurlock, Kenneth Edward Holt, Ray Edwards Hebert and G. B. Folds, all of Ward 5; Sam Wesley Taylor and J. Y. Pipes Sr., both of Ward 4; Grady E. Lee, Thomas A. Semmes, Oliver

Action Phase Report Slated

City planner Arch R. Winter of Mobile, Ala., who is overseeing the downtown modernization program for the City of Monroe, is expected to report on the action phase of the program at the 7:30 p.m. Monday meeting of the Monroe-Ouachita Regional Planning Commission.

Also on the tentative agenda for the Monday meeting at City Hall are a preliminary hearing for rezoning of an area recently annexed to the city; a preliminary hearing on an amendment to the zoning map and a public hearing on a zoning map amendment to create a new family residential district.

Options Are Secured For Airport Site

HOMER (Special) — Necessary options have been secured on an ideal site to build a municipal airport for Homer, W. M. Rainach, president of the Homer Development Co. Inc., has reported.

The airport will be located about one and one quarter miles from Homer city limits on the Beaver Point Peninsula, lying between D'Arbonne and Beaver Forks of Lake Claiborne, extending from a point about six tenths of a mile south of Homer, Lisbon Highway to the south-eastern end of the peninsula.

State funds have been available for some time pending selection of a suitable site, Rainach said. The Ward seven police jury will start work on the access road to the lands within 10 days after the survey is completed.

"The site is ideal in every respect," Rainach said. It is level enough to meet the maximum cost limits permitted for airports of this type, it is close to Homer, and the location on Lake Claiborne will open the lake to distant cities, taking care of overnight landings for recreation and fishing.

The airport, exclusive of turnaround, parking and hanger space, will occupy an area 5,000 feet long and 300 feet wide, covering 34.44 acres, with a runway to take care of executive aircraft of industries expected.

The Homer town council has set aside \$5,000 for obtaining the airport. The site will be obtained in the form of a servitude, which will give Homer Development Company Inc. and in turn, the town of Homer, a perpetual right to operate a full-fledged airport operation on the site, Rainach said.

West Monroe Court Fines Are Levied

Judge John McCormick fined Billy Humphries, 106½ Peach St., in West Monroe city court Friday, \$100 for each of two counts of aggravated assault, \$25 for discharging a firearm and \$25 for simple battery.

Clarence Everett of Rayville was fined \$100 on one count of theft by check and \$200 on another charge of the same offense.

J. W. Meredith, 703 Wheelers, was fined \$25 for simple battery and \$25 for simple assault.

A fine of \$300 was levied against Joseph S. Reynolds, Bastrop, for driving while intoxicated in addition to a \$25 reckless driving fine.

Kirkpatrick Ogden, Shreveport, Lester M. Alexander, Rt. 5, Box 151, West Monroe and Robert B. Nettles, F26-D Foster Homes, each drew fines totaling \$325 for driving while intoxicated and reckless driving charges.

Fined for reckless driving were B. D. Lewis, 800 Cypress St., West Monroe, \$25; Mary E. Hutchison, 215 Pelican St., West Monroe, \$25; Clendon N. Lewis, 1708 Bernstein Dr., \$25; Charles E. Holstead, 704 Slack St., West Monroe, \$25; Ted Whateley, 210 Oaklawn, West Monroe, \$25; A. H. Sampson, 609½ Oakland, \$25; Ben P. Dougherty, 2411 Arlington Pl., Bossier City, \$20; Donald Mize, 608 Norris Ln., West Monroe, \$20; James R. Pettis, 107 Patton Dr., West Monroe, \$20; Ray Moore, Burmbley, Ark., \$20; Nellie T. Fisher, 307 N. 5th St., West Monroe, Larry G. Jones, Rt. 3, Box 4, West Monroe, all fined \$15; Charles Dennis, 200 Ouachita Dr., West Monroe, and Lonnie A. Butler, 507 N. 7th St., West Monroe, both fined \$10.

Speeding — Alvin Joiner, Archibald, Robert Deramus, 223 Lilac, West Monroe, both fined \$20; Roy E. Boyd, 601 S. 8th St., West Monroe, Norman L. Underwood, Calhoun, and Rita R. McLemore, 610 Stubbs Ave., all fined \$15; Mary L. Beach, 1002 Crosley, West Monroe, and Walter Auttonberry, 105 Long, West Monroe, \$10.

The eight actors of the Louisiana Tech Department of Music spun a simple story of a boy who dissected violets and knew "how things are" and of his sweetheart of 16 who felt like no other has ever felt at 16.

Mary Osborn as the Girl and David Wylie as the Boy are divided by a wall of paternal disapproval which only accentuates their romantic notions.

But midway, fate rules that "without a hurt the heart is hollow" and they are destined to die a bit before they can begin to grow.

Participants in this satirical comedy are deep-voiced Larry Frazier as the vigorously impressive bandit, flamboyant abductor, omniscient narrator and engineer of fate, and the seven thoroughbred actors who support him in his romantic quest.

Robert Gould, as the mute handyman and builder of walls; shows flawless timing in his manipulation of the diverting gimmicks.

David Wylie as the boy has a real knack for acting and an excellent voice to match. If this role was made for anyone, it was made for him.

Mary Osborn as the girl covers a wide range of material and moods with great ability and appropriately emphasizes

RAINS HIT RIVIERA

St. RAPHAEL, France (UPI) — The Drench Riviera Friday began drying out after a 24-hour storm dumped more than four inches of rain in the area.

GOV. JOHN MCKEITHEN, center, takes a break for photographers in Pittsburg, Pa., during his industry seeking trip this week. With the governor are, John Sherrouse Jr., left, and James W. Moore, right, both of Monroe. The group returned to Louisiana Friday where the governor immediately opened his campaign supporting the constitutional amendment that would allow him to run for re-election.

'Fantasticks' Asks Use Of Imagination

By TRAVIS MAYO
World Staff Critic

RUSTON — It is no mystery why "The Fantasticks" has lasted through six years of continuous performances at its original New York home. The play is a spellbinder.

This entrancing harlequinade stands viewing again and again, like a favorite song. The returning theatergoer need not lament the loss of first-time magic. On the second time around he can feel familiar with the plot and better concentrate upon the rich philosophies of the script.

At Howard Auditorium Friday night, there was a mood to fit every disposition. A mood of nostalgia for the innocence of childhood. A dream mood for the quixotic romanticist, and a mood of satisfaction for the veteran theatergoer who could gain insight into the human heart and its hungers.

The actors of the Louisiana Tech Department of Music spun a simple story of a boy who dissected violets and knew "how things are" and of his sweetheart of 16 who felt like no other has ever felt at 16.

Mary Osborn as the Girl and David Wylie as the Boy are divided by a wall of paternal disapproval which only accentuates their romantic notions.

But midway, fate rules that "without a hurt the heart is hollow" and they are destined to die a bit before they can begin to grow.

Participants in this satirical comedy are deep-voiced Larry Frazier as the vigorously impressive bandit, flamboyant abductor, omniscient narrator and engineer of fate, and the seven thoroughbred actors who support him in his romantic quest.

Robert Gould, as the mute handyman and builder of walls; shows flawless timing in his manipulation of the diverting gimmicks.

David Wylie as the boy has a real knack for acting and an excellent voice to match. If this role was made for anyone, it was made for him.

Mary Osborn as the girl covers a wide range of material and moods with great ability and appropriately emphasizes

Shakespeare and trembles in his faded BVDs offered many comic moments and applause in his favor occasionally brought the action to a standstill.

Sammy Al Hiti, an actor from Baghdad, Iraq, who portrays a Roman who is disguised as an American Indian is, of course, a many-faceted performer. An Indian with a cockney dialect, he made a lasting impression with his twice-over death scenes. Both of these minor roles — the Indian and the actor — require strenuous artificiality and are well performed.

Some of the best trained voices to be found anywhere were there for a large audience to enjoy. It was a good audience, considering the rain fell at certain time.

The actors were ably supported by a painstaking orchestra featuring Laura Twist, harp; Linda Chatman, flute; Sue Meese, bass; Ronald Veron, percussion; Glenda Kirkpatrick, piano, and George Sand LLawn, piano.

The minimal but effective sets, the capable lighting, the fast-paced direction and the attractive costumes rounded out an enjoyable evening and gave a few Monroe actors who will appear here in the same production something difficult to top.

One more word of praise

Sam Jones Speaker At Conference

ALEXANDRIA (Special) — Former Louisiana Governor Sam Jones of Lake Charles, and Ruston's Mayor John Perritt will be featured speakers for the annual conference of the Louisiana City Attorneys Association in Baton Rouge, today, according to the Association president, Howard Gist of Alexandria.

The conference is to be held in the Jack Tar Capitol House Hotel, with registrations beginning at 8:30 a.m.

Mayor Perritt, president of the Louisiana Municipal Association is scheduled to address the opening session, while former Governor Jones will be speaker for the luncheon session, at which the presiding officer will be James W. Bean, Lafayette City attorney.

A panel discussion on "The City Attorney's Role in Federal Aid Programs" will feature S. J. Haycraft, field director for Louisiana in the Economic Development Administration; Nat Thomas, chief of Community Services, Farmers Home Administration; Vernon C. Mayfield, regional counsel, Department of Housing and Urban Development, and James Bond, regional director, U.S. Department of Health, Education and Welfare.

Man Is Charged In West Monroe

West Monroe police late Friday charged Laurel A. Roberts, 30, of 206 Pelican Dr., West Monroe, with driving while under the influence of intoxicating beverages, and reckless driving.

Officers said he was apprehended at 8 p.m. at Bridge and Trenton Streets.

should go to director James G. Smith, who successfully exchanged an acceptable song for one in the original production which gets somewhat risky and perhaps out of harmony with rest of the play.

ADVERTISEMENT FOR BIDS

The Capital Construction and Improvement Commission will receive bids for the furnishing of all labor, material, equipment and related services to construct and complete the Grading Contract Stadium and Athletic Complex for Louisiana Polytechnic Institute at Ruston, Louisiana CC-41 until 2:30 P.M., C.S.T. on the 4th of October, 1966, at the office of the Director for the Capital Construction and Improvement Commission, Capitol Annex Building, Baton Rouge, Louisiana.

Plans and Specifications are on file at the office of the Architect, Rader and Associates, Engineers and Architects, 225 Baronne Street, Suite 701, New Orleans, Louisiana. One (1) set of the plans and specifications may be obtained by depositing \$25.00 with the Architect. Such deposit will be refunded upon their return in good order to the Architect within ten (10) days after the bid date, and further provided that the Contractor submits a bona fide bid. Additional sets may be secured upon a deposit of \$25.00 per set, of which \$12.50 will be refunded upon return of the plans and specifications as stipulated above.

A Cashier's Check made payable to the Capital Construction and Improvement Commission or a suitable Bid Bond executed by the bidder and acceptable sureties in an amount equal to five percent (5 per cent) of the bid shall be submitted with each bid.

The successful bidder will be required to furnish and pay for satisfactory performance and payment bond or bonds. The Capital Construction and Improvement Commission reserves the right to accept or reject any or all bids or to waive any informality in the bidding. No bid shall be withdrawn for a period of thirty (30) days subsequent to the opening of bids without the consent of the Capital Construction and Improvement Commission.
